Russian Advance On Kharkov Threatens Nazi-Held Base

Red Army Within Artillery Range Of Kharkov Now

Naxi-Held Ukraine Steel Center Gravely Imperilled By Russian Advance

TERRIFIC TANK BATTLE RAGING

By NATALIA RENE
(I. N. S. Staff Correspondent)

MOSCOW, Feb. 11.—The Nazi-held Ukraine steel center of Kharkov was gravely imperilled today by forward-surging Red army columns which tore into the German winter defense line at several more points and advanced to within artillery range of the city.

(The British radio, quoting a Moscow report, said that Russian armies advancing on Kharkov from Chuguyev "are now within 15 miles of Kharkov itself.")

(A Stockholm dispatch to the Daily Telegraph in London said a terrific tank battle was raging all along the front before Kharkov for a distance of 60 miles from Belgorod to the north to Smiev in the south. The Germans were said to have thrown in fresh armored forces to combat the Russian tide.)

Hundreds Of Nazi Dead

Hundreds of additional Nazi dead lay strewn over the snow-covered battle front as the Red army crushed German opposition to maintain a steady advance following the capture of Chuguyev, 22 miles southeast of Kharkov, and Volchansk, 36 miles northeast of the industrial city.

At noon the Soviet high command said that its forces in the Belgorod area, 50 miles from Kharkov, con-

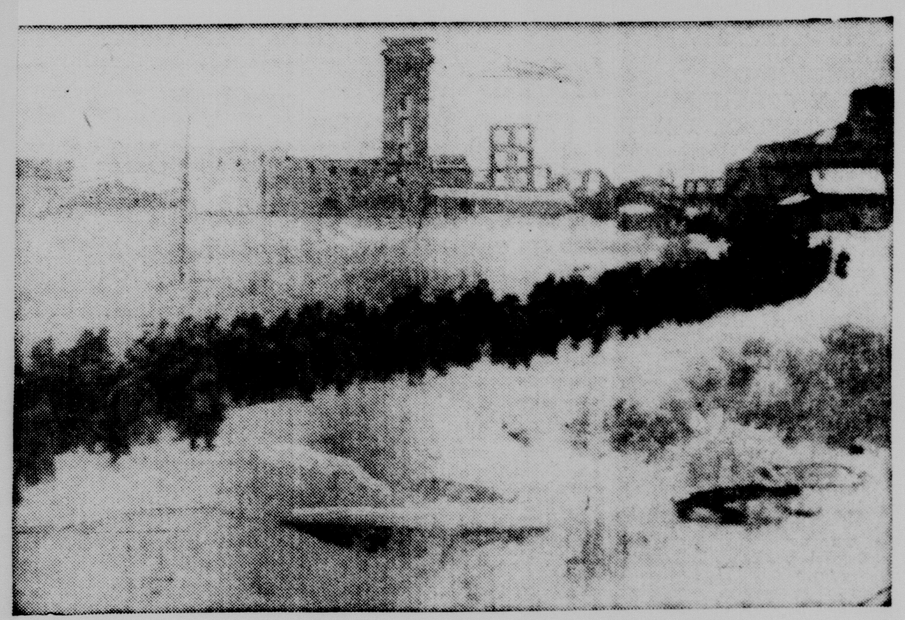
Besiegers Of Stalingrad Enter Lost Prize



A few of the thousands of Germans who besieged Stalingrad and lived through the Red's savage counterattacks which freed the city from the Nazi grip, are marched into the Metropolis as prisoners. This is the first time German prisoners have been photographed against the background of the war-shattered city. Picture is from the March of Time's film "One Day of War".

U. S. Bombers In New Kiska Attack

(BULLETIN)
(International News Service)

WASHINGTON, Feb. 11.—The navy reported today that American planes are continuing their aerial offensive against the Japanese in the North and South Pacific and that in an attack on enemy positions in the Aleutians "many hits" were scored on enemy installations.

The navy also belatedly confirmed the crushing of all organized Japanese resistance on Guadalcanal but added that "patrol operations against isolated enemy groups continue."

While American planes in the North Pacific were bombing Kiska the Japanese sent a single float type plane to attack American ships in the western Aleutians but no damage was suffered.

The aerial attacks in the South Pacific were against the Japanese base at Munda, 180 miles northwest of Guadalcanal airfield.

EISENHOWER TO BE PROMOTED TO FULL GENERAL

(International News Service)

WASHINGTON, Feb. 11.—President Roosevelt today promoted Lt Gen. Dwight Eisenhower, commanding United Nations forces in North Africa, to be a full general of the U. S. Army.

Eisenhower's nomination was placed before the Senate where speedy and unanimous confirmation is expected.

Rankin Teachers Strike Is Ended

(International News Service)

PITTSBURGH, Feb. 11.—Rankin school teachers ended their two-day sit-down strike today after they were promised an additional $90 to $100 each this year by the school board—with state legislature approval.

CLOSE SCHOOLS IN PITTSBURGH FOR RATIONING

(International News Service)

PITTSBURGH, Feb. 11—Pittsburgh and Allegheny county elementary schools will be closed for one week, beginning February 22, while teachers register residents for war ration book No. 2, the office of price administration announced.

The OPA said that local school and rationing officials will be responsible for setting up a schedule for residents to report for registering and to declare any supplies of canned goods or processed foods they might have. The inventory, is not to include any canned goods of eight ounces or less.

Retail sales of all foods which are to be rationed will be frozen between midnight Saturday, February 20, and March 1, while registration is in progress.

TEN SHIP WORKERS MISSING WHEN TUG CAPSIZES IN RIVER

(International News Service)

PORTLAND, Ore., Feb. 11.—Ten out of 19 shipyard workers were missing today after being thrown into the swollen flood waters of the Columbia river shortly after midnight, when a tugboat carrying them from Portland to Vancouver capsized.

The men and women on board the tug May were being transferred from the Oregon shore to the Vancouver Kaiser Shipyard. The missing men and women were not identified.

TROOPS FROM GERMANY POURING INTO ITALY

(International News Service)

LONDON, Feb. 11—Moving to insure Italy's continued belligerency in the war, Germany is pouring numerous armored divisions into Mussolini's domain through the Brenner Pass, according to a dispatch today to the Daily Express from inside Europe.

A Stockholm report to the same paper said that 40 of Hitler's elite guard "SS" divisions had been withdrawn from Russia to counteract "restiveness" in Germany as well as occupied countries.

STATE EMPLOYES ARE URGED TO WAR WORK

Australian Ground Forces Crush Jap Drive On Air Base

Offensive Counter-Drive From Wau, New Guinea, Clears Region Of Japs

By PAT ROBINSON
(I. N. S. Staff Correspondent)

SOMEWHERE IN NEW GUINEA, Feb. 11.—An ill-starred attempt by the Japanese to drive on the Allied air base at Wau in northeast New Guinea was finally crushed today by Australian ground forces, who swung over to the offensive.

Backed by American air support, the Aussies crushed the Japs in an offensive drive which carried them eight miles to the east, where they captured the hamlet of Wandumi. The counter-drive from Wau, 35 miles southwest of the Jap base of Salamau, cleared the whole region of the Jap menace.

Since the Japs attacked on January 28, nearly 800 dead Nipponese have been counted. This figure does not take into account the numberless Jap graves found in the area.

Large stores were captured by the advancing Aussies, including high standard medical equipment and 25 millimeter guns which constitute a new weapon in this region.

The Japs now are falling back toward the town of Mubo, 10 miles below Salamaua.

Meanwhile both the American and Jap air forces are temporarily stymied by the weather.

WAAC QUOTA IS UNDER PAR HERE

Many More Needed To Reach Goal In District, Sergeant Bilpuch States

With WAAC Week nearing an end, a number of additional recruits are needed from Lawrence county, if the Western Pennsylvania district is to reach its quota of 175, local U. S. Army Recruiting Sergt. John Bilpuch stated today.

Sergeant Bilpuch decried the un-American sentiment which, he says, is being put forth by some people here, advising young women that the Women's Auxilary Army Corps is not the place for them. Sergeant Bilpuch stated that this is one branch in which the women can serve with honor and distinction, and release men actually needed at the fighting front from duties in the homeland.

Harrisburg leads in the recruiting of WAACS this week, with a 66 per cent gain, outdistancing other sections.

LONDON, Feb. 11.—Three of an estimated 10 Nazi raiding planes which yesterday attacked a score of towns and villages in southern and southeastern England were shot down by British defenses, it was announced today.

Japanese Being Thrown Back In New Guinea Area

New Allied Offensive In Northeast New Guinea Surges Forward

ALLIES ARE USING ARTILLERY IN DRIVE

By LEE VAN ATTA
(I. N. S. Staff Correspondent)

UNITED NATIONS HEADQUARTERS IN AUSTRALIA, Feb. 11.—The new allied offensive in northeast New Guinea surged forward today below the large Japanese base of Salamaua where allied ground troops have thrown back the Japanese a distance of more than six miles.

A communique issued from headquarters that at least 125 Japs were killed in the retreat from Wau, 35 miles southwest of Salamaua, thru Wandumi toward Mubo. Mubo is situated only 10 miles below Salamaua, twin stronghold of the Japs along with Lae to the north.

The allies pressed their advance with the aid of 25-pound artillery. One allied force which came upon a treating unit of Japs killed a total of 50 with well-aimed fire.

Yesterday an official headquarters announcement said at least 100 Japs had been slain in the intensified fighting south of Salamaua.

After announcing that the Japs had been thrown back more than six miles, the communique stated that "our artillery is heavily harassing" the enemy retreat.

Mopping Up In Papua

Isolated mopping up operations were continued in the northern region of the Papua territory to the south. Headquarters disclosed that allied patrols in the Kumusi river region, where the Japs succeeded in landing small forces in a futile attempt to aid their beaten garrison at Buna, had killed 50 more enemy stragglers.

Only light air activity was reported throughout the New Guinea area. The action was confined to two small raids.

A force of allied medium bombers ranged over the Kei islands to attack the own area of Toeal where numerous fires were started. One heavy bomber strafed the enemy-occupied Ubili area of New Britain island.

Today's communique, commenting on the Japanese announcement that their forces had been evacuated from Buna at the end of January their completion of their mission, stated that the announcement has no basis in fact.

Present District Gas Ration Plea

Zoning Change For Western Pennsylvania Asked From Washington Officials

(International News Service)

PITTSBURGH, Feb. 11.—Representatives of more than a score of towns in Western Pennsylvania will meet with federal authorities today in an attempt to secure a four-gallon-a-week gasoline ration for the area.

Headed by a committee from the Pittsburgh Chamber of Commerce and accompanied by U. S. Senators James J. Davis and Joseph F. Guffey and Congressman Samuel Weiss, the delegation will have an audience with Pertoleum Co-Ordinator Harold L. Ickes and OPA Director Prentiss Brown.

Guffey, it was learned, will be the group's spokesman.

Announcement that adjacent West Virginia has been removed from the gasoline-starved District No. 1 and restored to District No. 2 with a four-gallon ration and no limitation on driving has given encouragement to Western Pennsylvania interest who have headed the fight for the boost in ration here.

The argument has been that this area's crude production is half that of the great Netherlands East Indies fields now in Japanese possession. Oil men here believe that is a sound indication that Western Pennsylvania is an "oil field."

Governor Bricker And Willkie Lead

(International News Service)

WASHINGTON, Feb. 11.—Wendell Willkie, the GOP standard-bearer of 1940, and Governor John W. Bricker of Ohio today are regarded as "favorites" for the Republican presidential nomination next year, although former President Herbert Hoover looms in the background as a remote possibility.

This is the consensus among Republican legislators on Capitol Hill. Most Republicans say Willkie and Bricker must be eliminated before any other possibility—including Hoover—can be given serious consideration.

Main Jap Mid-Pacific Air Bases At Truk Now Liable To U.S. Attacks

By JOSEPH A. BORS
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 11.—The brilliant American land victory on Guadalcanal cleared the way today for long-range bombing raids against the main Japanese mid-Pacific base at Truk, 1,000 miles northwest of Henderson airfield.

While Japanese bases in the central and northern Solomons undoubtedly will serve as the immediate targets of America's mounting Pacific offensive, navy men have contended that raids on Truk are vital in any campaign to cripple the enemy in that war area.

Secretary of the Navy Knox may have had Truk in mind when he stated that capture of Guadalcanal was the forerunner of assaults at more important Jap bases to the north.

Main Feeder

Truk has served as the main "feeder" point for Japanese supplies, ship, troops and planes moving from Japan to the south and southwest Pacific areas. Crippling of Truk would hamper the flow of materials to the enemy at Rabaul, New Britain; Salamaua, New Guinea, and the central and northern Solomons.

The crushing of Japanese resistance on Guadalcanal should permit American forces to expand Hender-

British Eighth Army Continues Tunisia Drive

Advances On Air Base At Ben Gardane 20 Miles Inside Tunisia

BATTLE OF MARETH LINE IS LOOMING

(International News Service)

CAIRO, Feb. 11.—The British Eighth Army, closing a pincers drive on Axis forces in Tunisia from the east, today advanced on the enemy air base at Ben Gardane, 20 miles inside the French protectorate.

The forward elements of British Gen. Sir Bernard L. Montgomery's forces hammered the withdrawing Afrika Korps commanded by Nazi Field Marshal Erwin Rommel with artillery fire. The Axis rearguard returned the shelling but continued to give ground.

Along the southern sector of the battleline, now well inside the Tunisian border from Libya, British armored car patrols harassed the retreating Germans and Italians.

Air activity over the battle area was restricted by unfavorable weather.

Drive On "Mareth" Line

The Eighth army's advance into Tunisia marked the start of a drive in force against the "Little Maginot" Mareth line, 65 miles inside Tunisia, which Gen. Sir Harold R. L. G. Alexander, Middle East commander, yesterday said he believed could be successfully outflanked by General Montgomery.

A withdrawal by Field Marshal Rommel from the Mareth Line in the same manner in which he gave up previous defense fronts in Egypt and Libya in fear of being outflanked would permit the Eighth Army to swing northward in the

GREAT MAJORITY, 18-38 YEARS, TO BE IN SERVICE

By JACK VINCENT
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 11—Maj. Gen. Lewis B. Hershey, director of selective service, today told Congress that the great majority of all physically fit men between the ages of 18 and 38 will be drafted into the armed services regardless of dependents or occupation before the end of the year.

At the outset of his testimony, Gen. Hershey said that the policy of selective service in granting deferments would be based on occupation rather than dependents. Then, later, he dropped the bombshell that the great majority of all men between 18 and 38 who are physically fit will find themselves in the armed services.

He would not give any estimate, however, on the ultimate size of the army and navy.

The draft director opposed a bill of Rep. Kilday (D) of Texas, who would revise the draft act so that married men would be the last persons called into service.

Churchill Tells Commons Allies Will Push War

Says Axis Will "Burn And Bleed" As Result Of Casablanca Conference

OFFENSIVE PLANS TO BE CARRIED OUT

Nazi And Fascist Power, And Japanese War Plotting, To Be Blotted Out

By CHARLES A. SMITH
(I. N. S. Staff Correspondent)

LONDON, Feb. 11. — A solemn promise that the Axis will "burn and bleed" under a world-wide offensive plan drafted in meticulous detail at Casablanca was given to the House of Commons by Prime Minister Winston Churchill today.

In the course of a long and detailed war review which brought frequent rounds of cheering from the House, Churchill epitomized the results of Casablanca as a decision to engage the forces of Germany, Italy and Japan on land and sea and in the air on the largest possible scale at the earliest possible moment.

Highlights Of Address

These were the highlights of his encouraging address:

1—Lieut. Gen. Dwight D. Eisenhower will take over command of the British Eighth Army when it sweeps into Tunisia from Tripolitania.

2—More than 500,000 American and British troops were landed in North Africa, on November 7, 1942, in the greatest overseas military expedition in history.

3—"Progress is being made" against the U-boat menace and the Allies "are more than holding their own." The joint Anglo-American fleets are now 1,250,000 tons larger than six months ago.

4—The war will be prosecuted until "no vestige of Nazi or Fascist power and no vestige of the Japanese war plotting machine "is left upon the face of the earth.

5—As a result of Casablanca, the United Nations now have a definite design of offensive warfare.

"I await the unfolding of events with sober confidence," Churchill said. "Sure that Britain will display the same steadfastness she did in the awful period when the life of the British empire hung by a thread."

Confidence In Eisenhower

Of Gen. Eisenhower, upon whose shoulders will rest full responsibility for the Tunisian campaign once the British Eighth Army has accomplished its present mission of smashing or flanking the Mareth line Churchill said:

"I have great confidence in him and regard him as one of the finest men I have ever met."

It was with a characteristic Churchill turn of phrase that the prime minister chose to make "burn and bleed" the battle cry of the United Nations against the Axis.

The prime minister said that Britain and the United States have given the task of overcoming the German submarine menace first priority in all their plans.

"This was reaffirmed by our combined staffs at Casablanca," he said.

Rousing Cheers

He told the House, filled to capacity and crowded with visitors, that Britain and the United States, formerly peaceful countries, now are warrior nations walking in fear of

Warns Nation Of Casualties

United Nations Offensive To Bring Heavy Casualties For Americans

(BULLETIN)
(International News Service)

WASHINGTON, Feb. 11.—Secretary of War Stimson said today that United Nations forces will soon take the offensive in "heavy fighting," and warned that the Nation may expect heavy casualties.

Stimson's statement, made at a press conference, followed the lines of a prediction earlier in the week by Economic Administrator James F. Byrnes, that the United Nations would invade Europe this year.

He also said that promotion of Lieut. Gen. Dwight D. Eisenhower to a full generalship was for the purpose of giving him command of all United Nations forces in Africa, where the Allies are "consolidating their ground forces for an attack on Axis position along the Mediterranean."

WILL CLARIFY 48-HOUR WEEK

Manpower Commission Prepares Order To Clear Up Conditions Imposed By Order

By WILLIAM E. ZIMMERMAN
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 11—Millions of workers and their employers in the 32 labor shortage areas today awaited clarification of President Roosevelt's order to impose the 48-hour week on every industry to mobilize the nation's manpower for the war effort.

Deluged with thousands of questions as to how the new policy will be applied, the war manpower commission prepared a clarification order which is expected to be issued within the next several days.

Many workers in the shortage areas may be allowed to continue working less than a 48-hour week on showing that extension of the work week will not increase the labor supply.

Officials said that the President's order also does not apply to establishments or sections of establishments in which a work week of 48 hours or longer already is in effect.

President Roosevelt in his order directed WMC Chairman Paul V. McNutt to place workers on a 48-hour basis in any area throughout the country at his disposal and McNutt said that it would first be applied to the designated 32 labor shortage areas.

Early extension of the policy to other areas expected in view of a statement by McNutt that acute labor shortages "are anticipated in many other areas in the near future" and "every measure must be taken to insure a full and efficient utilization of the labor force."

BRITISH ARTILLERY DUEL ACROSS CHANNEL

British Eighth Army Likely To Skirt Line In Outflanking Move

REPORT CRETE IS HEAVILY BOMBED

(International News Service)

LONDON, Feb. 11—An early thrust by the British Eighth Army to crush the Axis-held "Little Maginot" Mareth Line in southeast Tunisia was expected today following official announcement that this defense front can easily be outflanked.

At his headquarters in Cairo, Gen. Sir Harold R. L. G. Alexander, commander of British forces in the Middle East, confidently declared his belief that the Eighth Army could skirt the Mareth line in the same manner at it outflanked enemy defenses in Egypt and Libya.

He said that with the Axis entirely driven from Libya and Gen. Sir Bernard L. Montgomery's forces now entering Tunisia the fighting to eliminate the Germans and Italians from North Africa had evolved into a single battle.

Will Fight As Unit

The British Eighth Army and the British First Army drawn up in northern and central Tunisia along with American and French troops, he said, soon will be fighting as a unit to liberate all of North Africa.

Allied planes based in Tunisia continued active over the forward battle areas and unleashed assaults on principal Axis bases but unfavorable weather reduced the activity of ground forces.

Headquarters of the United States ninth air force in Cairo disclosed meanwhile that a force of Mitchell bombers heavily attacked the Axis airdromes at Heraklion and Kastelli Pediada on the Island of Crete Tuesday.

"One fire was seen in the vicinity of the target but other results could not be observed due to clouds," the communique said.

During the first six months of 1942, 23 per cent more people got married in the United States than during the same period in 1941. Baltimore leads the nation with marriages up 73 per cent, and Washington next, with 71 per cent.

(Continued From Page One)

tinued their successful advance and occupied a number of inhabited localities.

South of captured Kursk, former key point on the Nazi defense line the Russians wiped out several German units and destroyed a considerable amount of war material.

More War Material Taken

North of Kursk around captured Ponyri, other large amounts of war material which the fleeing Nazi abandoned was recovered by the Russians. The Soviets continued to advance through this area in a bitterly fought engagements.

In the Kramatorsk area, 110 miles northwest of threatened Rostov, the Germans launched three desperate counter-attacks in an effort to stem the Soviet column pushing southwestward to completley engulf Rostov. The Nazi attempts were repelled and the Russians then advanced to occupy several more localities.

"Hundreds of enemy dead were left on the battlefield," the communique said.

Advance At Rostov

The high command reported its forces before the Caucasus gateway city of Rostov also continued to advance after overcoming stubborn German resistance.

"On one sector," it was said, "the enemy launched counter-attacks. All were repulsed and our forces occupied several strongly fortified positions."

(Berlin dispatches described the Russian front as "incoherent" and admitted that Russian spearheads were slipping through "thin German lines and strongpoin's on the Orel Rostov front.")

German remnants of 25 divisions trapped in the western Caucasus, estimated at 70,000 to 250,000 men were facing a "Russian Dunkirk" as additional Soviet landing parties were reported to have gone ashore near the Black sea port of Novorossisk.

Soviet forces at Kramatorsk, 110 miles northwest of Rostov, scored new advances in a southward drive to cut off Axis divisions retreating westward to Mariupol, 100 miles west of Rostov.

The speech was punctuated by rousing cheers.

The galleries were jam-packed as the prime minister rose to deliver his survey of the war situation. Included among the prominent occupants of the ladies' gallery were Mrs. Neville Chamberlain, wife of the late prime minister, Mrs. Ivan Maisky wife of the Soviet ambassador, and Mrs. Churchill.

TWENTY PER CENT OF STEEL WORKERS COULD BE AFFECTED

(International News Service)

SAN FRANCISCO, Feb. 11.—Twenty per cent of the workers in the steel industry would be released for other war jobs if the 48-hour week were instituted on a nationwide basis, it was estimated today by Irving S. Olds, chairman of the board of the U. S. Steel Corporation.

Olds said steel now is being manufactured on a 24-hour day, 7-day week basis, with the industry maintaining a 40-hour week for the individual worker.

After hearing some of the girls complain because "you can't say anything in a V-mail letter—there isn't enough room in one of those sheets," by experiment it was found that by typing single-spaced, it is simple to write 750 words, which is more than a few for anyone's six-cent stamp (air mail). Minus typewriter, the directions say, write plainly in dark ink or pencil and not too small—that's so the addressee can read it after he gets it.

Headquarters of General Alexander announced that medium bombers of the United States Ninth Air Force heavily bombed the Axis airdromes at Heraklion and Castelli Pediada on the island of Crete Tuesday night. At least one large fire was started in the target area while other results could not be observed.

Torpedo bombers attacked an Axis ship off the south coast of Italy while intruder planes from Malta were active over the island of Sicily and Axis bases in Tunisia.

"Yesterday," General Alexander said in a communique, "Malta's fighters and bombers attacked railroads and other targets in southern Sicily.

"Heavy bombers attacked Palermo (Sicily) harbor."

All of these planes, it was added, returned safely from the operations.

That such raids are within the realm of possibility in the near future has been indicated by the American bombing attacks against enemy-held Wake island, which is more than 1,100 miles from the U. S. base at Midway.

Also, bombers under the command of Gen. Douglas MacArthur in Australia have been sweeping farther and farther afield lately to blast Jap bases in the Netherlands East Indies. They could also hit Truk, which is about 900 miles north of Port Moresby.

OPA Fixes Specific Ceilings On Butter

Move To Protect Consumer From 'Black Market' Prices In Certain Areas

(International News Service)

WASHINGTON, Feb. 11 — The OPA today fixed specific dollars and cents ceilings on butter at the creamery and wholesale level in a move to protect consumers from exorbitant "black market" prices which have soared up to as much as 72 cents a pound in some areas.

In Washington, for example, where some grocers have been selling butter for as high as 68 to 72 cents a pound, no housewife should pay more than 57 cents for the best obtainable grade of butter, the OPA said.

Actually, however, there is little of the top grade available so that the ordinary 92-score grade A butter—which is customarily found on retailers shelves—will have a ceiling of a cent or two lower than the 57 cent maximum.

PRESENT RATIONING 'NOTHING" TO WHAT WILL COME IN 1944

(International News Service)

NEW YORK, Feb. 11.—"Rationing and other things we have had to date are nothing compared with what we will have in 1944 or 1945," Mayor F. H. LaGuardia insisted today.

Addressing a group of CDVO volunters, he warned that the nation is yet to feel the real pinch of the war.

"But," LaGuardia added, "you don't hear any complaints from the fellows who are doing the fighting and the ones who have returned wounded or maimed."

No wonder Roosevelt thought Morgenthau knew something about finance. The man actually made money as a gentleman farmer.

B. P. W. CLUB DINNER PLAN COMING EVENTS

Business and Professional Women's club members gathered in The Castleton Wednesday evening for their dinner session.

Mrs. A. Pearson Furst delighted the assemblage with a review of the book, "Our Hearts Were Young and Gay". She was introduced by Miss Florence Davis, who with Miss Anna Benson were co-chairmen in charge.

Miss Ruth Drescher sang a lovely number, "A Birthday", by Woodman, with Miss Olive Webb, accompanist.

A benefit party is planned for February 17 at The Castleton at eight o'clock. The proceeds will be used toward the social service and war work, mainly to purchase eyeglasses for needy school children. Miss Evelyn Spencer and Miss Myrtle Lord are chairmen.

On March 10 members will meet again in The Castleton for a six o'clock dinner.

WOMEN OF MOOSE VALENTINE PARTY

Members of Women of the Moose met Tuesday evening with Senior Regent Julia Van Dusen, in charge.

Mrs. Anna Schatzer was obligated.

Catherine Barnes was elected and installed as recorder. Graduate Associate Regent of Western Pennsylvania Maude Herbert, was installing regent, and Adrian Woods installing guide.

Further arrangements were made for the Valentine party to be given at the Moose Temple, South Mercer street, February 14.

There will be a tureen dinner February 23, with H. Margaret Davies in charge. The regular meeting will follow the dinner. An initiation will be held honoring the official visitor of the evening, Alice Price.

The Story Of Famous Diamonds

. . . diamonds that have shared in the course of world events.

THE SANCY

The smallest, yet one of the most interesting of the famous Oriental diamonds, is the Sancy. When Henry IV ascended the throne he accepted this diamond as security for a loan. The messenger never arrived with it, however, for he was killed by robbers. Thinking of what steps the messenger could have taken to guard the stone, his body was dug up and the stomach opened. The famous Sancy had been swallowed by the faithful messenger. Today, some say that this diamond is the property of the Maharaiah of Patiala; others, that it belongs to Lady Astor.

GUADALCANAL A STEPPING STONE

ACCOMPANIED by complaints that Americans were terrible fighters and never gave them a break, the Japanese announce they evacuated Guadalcanal.

We know without Jap testimony that American Marines, soldiers and sailors, in a little more than six months of this campaign, have proved themselves stern, ruthless and efficient fighters.

But along with natural jubilation over a victory of considerable importance, we must keep our fingers crossed. The Japs invented jiu jitsu and their style of warfare follows its tricky principles. The Solomons are as vital to them as to us. Henderson Field, operating without let or hindrance as a base for our bombers and fighters, is a deadly menace to them through large areas of the Southwest Pacific.

Another lunge at Guadalcanal, perhaps in greater force than earlier attacks—and several of those were on a large scale—must be anticipated from the Japanese. This is the only safe conclusion, in spite of their terrific losses in attempts to hold or recapture the Solomons since General Vandegrift's heroic Marines struck last August 7.

We also have suffered substantial losses in men, warships and planes. It has been no walkaway. We can't expect any in this war. But our losses were much less than the Japs'.

What we have gained, if all goes well, is a valuable stepping stone from which we must strike powerful blows at the enemy. As it stands Guadalcanal represents the power of America beginning to hit its stride. But it's only a beginning. The route to Tokio and victory is long and hard.

A BOOM IN EGGS

Casablanca, so recently in the limelight as a conference point, and Morocco are in the midst of an egg boom. It is part of the set-up in trade there due to the war.

Before the Americans came Morocco was making hay by shipping supplies to Marseilles. Five or six ships left every week for the French city. A million tons of grain were shipped from Morocco in 1941 and 800,000 tons in 1942 before the Allies landed. It is estimated that 80 per cent of this was reshipped to Germany.

Now with those shipments pinched off to a large extent the traders have turned to supplying the American Army with eggs. The quartermaster corps has already purchased 400,000 dozen eggs. With this new market available naturally the price of eggs in Casablanca is rising and those Moroccans who do not own hens are standing in line for a chance to buy them.

Prices for practically everything are climbing in Morocco and everybody with anything to sell is making money, with shopkeepers, cafes and restaurants continually boosting their rates.

INSPIRATION TO MIGHT

Every hour that the war continues heightens the scene wherein the stage is being set for a decisive demonstration of the might inspired in the United Nations by the youngest of the combatants, America.

That might is made manifest in every field of war activity. Events of the day emphasize it in the sheer fighting strength of the armed forces in North Africa, in the South Pacific and in Russia. The issue in the Solomons as in Tunisia and in Russia is the ability of the Allies to effect lodgement for a further advance in force against the Japanese in Asia and in the encircling invasion of Europe and the annihilation of the Axis.

In the actual combat carrying out these objectives America is contributing on a colossal scale. It is providing armed forces in maximum strength, modernly equipped to the last detail. The men behind the guns on the sea, in the air and on the land in the Solomons, on the sands of Africa and across frozen Russian fields are indomitably driving on to victory.

Everywhere America, besides bringing its own forces to the front, is sustaining its Allies with fighting material and with food. Russia and Britain both are being fortified through unstinted American assistance.

The days of the Axis are numbered. Every day bring nearer the end of the era of Hitler and Japanese arrogance and insolence in the West and in the East.

RUBBER PROGRESS

In recent days one of the governments plants for the manufacture of butadiene and styrene, ingredients of synthetic rubber derived from petroleum, went into operation. It was only a few days late in the schedule previously announced for its completion.

It will not be surprising, of course, if in a process as new as this some "bugs" develop. They usually do. But they can be corrected and once the apparatus is properly tuned, a beginning will have been made in this enormous undertaking to supply the needs of the nation as well as those of Great Britain.

At the outset of the synthetic rubber program chemists refrained from promising large scale output quickly, but they did give assurance of an ultimate ample supply of the artificial product. There are private plants now manufacturing it on a small scale, some of which have been in production for several years.

Government plants now being constructed—they will be operated under a lease arrangement by private enterprise—will make artificial rubber eventually in vast quantities from both petroleum and wheat.

Rubber Czar Jeffers has now been given priorities for metal for essential apparatus and there is no reason to doubt that installation of additional plants will proceed fairly rapidly. There will be synthetic rubber in quantity—probably in the end in over-abundance—but the program will require time.

The Parent Problem

By Garry C. Myers, Ph. D.

HOW TO DISCONTINUE SPANKING CHILD

As those who have read my column know, I have consistently advised that the youngster should learn, about as soon as he can creep or walk, the unambiguous meaning of No.

Repeatedly I have said that the most safe and effective way to teach NO is by use of spanking. Also I have said repeatedly that we should aim to be done with spanking before the child is four or five; that if we have spanked selectively and intelligently, very little pain as punishment is necessary and the child will have been trained to profit from a substitute for spanking.

Chair-Sitting Plan

As everyone knows, the youngster must learn to respect authority. Once he has learned this well and will stay where put, we can abandon physical punishment and, instead, assign him, for punishment, to sit doing nothing in a certain place where we can see him(in order to keep him out of further trouble) for a definite period of time. There is no sense in tying or holding a child. He must have learned that he dare not move from the place to which he is assigned until the announced-beforehand-time is up. Otherwise the whole plan fails.

To have to sit without amusement for a definite period of from 15 to 40 minutes, varying with the age, is the most effective and humane punishment I know of for the child from three to about twelve.

Once the child has been trained to profit from this means of restraints he is prepared to grow in safety, character and good citizenship without the need or corporal punishment.

Problem of Helper

One of the biggest problems any mother has is to find a way to have her child well-disciplined and protected when he is left with a caretaker. As you can see, such discipline is impossible if the mother-substitute does not have authority to manage the child while caring for him. Yet few helpers can be found whom a mother would trust to punish the child in any way that the nurse chose. But if this mother has prepared her tot to profit from the chair-sitting punishment, then the person left in his charge may be able to use this punishment safely and effectively.

In these days of war when so many tots must be cared for by strangers while the mother works, this humane means of punishment is especially desirable.

In case you wish to read further on these matters, write me at 235 East 45th st, New York City, enclosing a self-addressed envelope with a three-cent stamp on it and let me send you, without cost to you, my special bulletin, "How To Teach Tot Meaning of NO."

Solving Parent Problems

Q. When you so often urge abundant affection to the child in the home, do you mean fondling and kissing?

A. Some kissing on the cheek and fondling may be desirable. But enduring affections goes deeper than physical expression. It implies tenderness of tones, sympathy, understanding, patient attention to what the child has to say and appreciation of all his honest efforts.

COLOSSUS OF BUDGETS

To paraphrase one of the old songs of World War I, if we can fight like we can spend, what a great war this must be!

If all the dollars in the President's $109,000,000,000 budget for the coming year were stacked end on end, this Colossus of Budgets would make the Colossus of Rhodes look like a pygmy on parade.

Just to give you a small idea of the bigness of it all, President Roosevelt's new budget, coupled with what we have spent during the year just ended, will bring the total cost of World War II up to $196,000,000,000, which is just a tiny billion short of all Federal spending—including wars—from 1789 to Pearl Harbor!

While other nations are making what they consider titantic efforts, Uncle Sam proposes (under the new budget) to toss into the war pot during the next twelve months more than all the other warring countries—on both sides—put together. As against our $109,000,000,000, Germany proposes to spend $34,000,000,000; England, $21,330,000,000; Russia, $15,000,000,000; Italy, $8,670,000,000; Japan, $7,000,000,000; Canada $3,545,000,000.

That budget may startle our enemies—it sure startled us—and we won't really comprehend it until we start paying this year's taxes. But budgets alone—even this Colossus of Budgets—can't win a war. President Roosevelt, even he, told us that, when he declared in his budget message: "Victory cannot be bought with any amount of money, however large. Victory is achieved by the blood of soldiers, the sweat of workingmen and women, and the sacrifice of all people."

TREATMENT OF SERVANTS

"I have considerable difficulty in keeping servants. My income is such that I cannot afford more than one maid-of-all-work. My house is small and our family consists of only three grown-ups. So, you see, it isn't a question of too much work."

HOUSEWIFE.

Answer: To maintain the loyalty of servants, the mistress of the house must be gentle, kind and democratic with them, at the same time asserting discipline and management—must, in other words, adopt the "iron hand in velvet glove" technique.

Some people, in an effort to get more than full value for their money, order their servants to go from one difficult task to another from 7 o'clock in the morning until 8 at night. They are usually women without previous experience in dealing with domestics. They ignore the fact that the general housework is entitled to her period of relaxation during the mid-afternoon and of course she is entitled to her time off just as is a special cook, butler or maid.

Instead of assuming an authoritative attitude in outlining chores, adopt the suggestion attitude: "Mary, after you have finished your kitchen work this morning, I think it would be a good idea to polish the silver."

When you hire a new servant, make a list of her duties for each day. For instance: Monday . . . laundry and dusting dowastairs; Tuesday, ironing and cleaning upstairs, etc., etc. Write the schedule out and with a pin post it in her room or in the kitchen. If you have a complete understanding in the beginning, your schedule will go smoothly. Constant prodding causes nothing but inharmony. A disgruntled servant who is underpaid and overworked will walk out at the first opportunity.

TEMPORARY INSANITY

It is recalled that some years ago a man was tried in court on a serious charge. His attorney made a plea for his client of "Not guilty because of temporary insanity."

The man had promised to pay the lawyer $500. One day, several months after the trial, the lawyer met his former client. "Say, how about that $500 you owe me?" asked the lawyer.

"What $500?" inquired the client "Why, my fee, of course, for getting you discharged."

"Did I promise to pay you $500? If I did I certainly can't remember, because I was crazy then."

Vargas Decides To Send Out Troops
Is Good-Neighbor Policy's Triumph
Nazis Were Wrong In First Estimate

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, Feb. 11—President Getulio Vargas' decision to send Brazilian troops to Europe to fight along Yankees, British and Free French was the outstanding development of President Roosevelt's chat with the South American chief executed on his way home from his historic conference with Prime Minister Churchill at Casablanca. It isn't likely to be much more than a "token" demonstration. Brazil has a good many men—a population, all told, of 30,000,000 or more. However it hasn't the financial resources to equip and transport a formidable number to the old world, or maintain 'em after they get there. Nevertheless, they'll be conspicuous on account to the quarter they hail from.

Brazil has been advertised by Berlin as notably pro-Nazi, because of its southern states' large German settlements. President Vargas' pledge gives that theory a kick in the pants. True, it might be argued that he's acting in defiance of his southern citizenry's wishes. That reasoning's pretty well nullified through by news of the big convention in Montevideo, Uruguay, of South Americans of German descent, to denounce Nazi-ism. Montevideo was picked for the gathering, as a convenient port for delegates to put in at. It's right next door to those supposedly pro-German Brazilian states. Undoubtedly it was from those very states that that convention drew largely for its handsome attendance, which doesn't look as if they're particularly pro-Hitler. Argentina, with its supposedly Axis sympathies, is said to have contributed liberally also. If so, it was against the influence of President Castillo of the Argentine Republic. He's stood fast for neutrality thus far, but a lot of his advisers have been outspokenly pro-United Nations. Just why he's been so balky isn't clearly explained.

It probably dates back to international politica heredity before and during the last World War. In those days, Washington was pretty irritatingly patronizing to our southern neighbors. It proceeded on the supposition that they were only about

Praise the lord and pass the overtime!

President says purpose of the 48-hour week is to expand war production. Manpower commission spokesman says wherever order is invoked it will apply to all workers—clerks in retail stores, domestic servants, newspaper employes, etc.

Are these paragraphs "war production"? For 30 per cent more in the envelope the answer is "yes"!

On February 5 we reported "the 'Little Steel' wage freezing formula is bending and may be expected to break because (1) it never was a formula and (2) there is no ersatz for gimme."

Correction . . . The 'Little Steel' formula is as sturdy as ever. The parade has gone down another street.

Paragraph Five of the executive order is the teaser. It says nothing in the order shall be construed as superseding or conflicting with any federal, state or local law limiting hours or any individual or collective bargaining agreement on overtime or any federal, state or local law relating to overtime.

Absenteeism

Washington, Feb. 11.

THE DRASTIC and dramatic proclamations that, from time to time, issue from the Manpower Commission do not conceal the fact that the whole manpower problem has been muddled and those in charge have never come to grips with realities. Notwithstanding the recently announced "freezing" order, they are not grasping them now, as shown by the way Chairman McNutt backs away from the national war service bill introduced by Representative Wadsworth and Senator Austin and which, months ago, when the situation was less acute than now, Mr. McNutt had indicated was inevitable.

IT IS not only that, with typical political timidity, the Administration has refused to deal with the obvious fact that a considerable part of the labor shortage is due to restrictive labor laws and union regulations, but it has stood consistently in the way of Congressional action to modify these. In addition, the men in charge have ignored certain other conceded causes for loss of manpower, which can be cured without legislation, friction or fight. One of these is absenteeism.

IT WAS Mr. Donald Nelson who, in a speech the other day, asserted that absenteeism in war plants was causing a ten per cent loss in production. He added that if this could be reduced by two per cent, it would permit fulfillment of the WPB schedules for this year. One would think that a statement as flat and unequivocal as that, coming from the head of the War Production Board, at least would interest the Manpower Commission to the point of inquiring whether there was not a way to effect that two per cent reduction.

BUT THAT does not seem to be the case. Instead, the engineers and physicians who have studied the problem of absenteeism in industry for years, and who qualify as experts, have difficulty in getting a hearing on the subject in Washington, though they come offering a remedy and eager to apply it. Most of these accept Mr. Nelson's ten per cent reduction-loss figure, pointing out that before the war the figure was four per cent.

IT IS interesting that the increase is not chargeable, the experts say, so much to morale as to health and accidents. The point is made that

LOOKING AT LIFE

—By Erich Brandeis

A few days ago I attended a luncheon of the Circus Saints and Sinners at the Waldorf-Astoria in New York.

Fifteen hundred members and their guests packed the Grand Ballroom, fifteen hundred writers, artists, theatrical people, army and navy officers, business and professional men, had paid $3.00 each to have a dollar's worth of food and fifty dollars worth of fun.

Clarence Budington Kelland, noted author, was the speaker of the day, "fall guy" as they call that job.

"Thank God for America", said Kelland, "a country where in the midst of a world war fifteen hundred men will gather at a luncheon like this just for one purpose—to laugh and have fun."

And fun they did have. There were clowns and comedians, acrobats and Walter O'Keefe, famous master of ceremonies.

Franklin D. Roosevelt came in for his share of razzing, particularly in that stretch where the Republican Committee met to name a presidential candidate for 1944.

Willkie was dismissed as too radical, Landon as too conservative, Hoover as too old, Dewey as too young.

They hesitated for a while on Errol Flynn, but dismissed him too, because people might get him mixed up with Ed Flynn.

So there was only one man they could all agree on, one man who'd have the only chance—Franklin D. Roosevelt.

Then a fellow came on impersonating Hitler.

"I'm a man of peace" he said. "I love everybody. I even love LaGuardia and Roosevelt. I insult them only because they insulted me first!"

Then came a glance into 1944. There, as the curtain went up was Hitler in shirt sleeves—back at his old trade, hanging paper and stretching out the pastebrush in the "Heil Hitler" salute.

Yes, this a great country! Wherever you are there will be shows tonight and fun and laughter and, war or no war, there will be happiness and good cheer.

I wish Hitler and Mussolini and Hirohito could attend one of these Circus Saints and Sinner shows.

Then they'd know that they'll never be able to lick a country that fights with a grin.

Union Township Class Gets First Aid Certificates

O. C. D. Workers Who Recently Passed Red Cross Tests Are Notified

Union Township O. C. D. workers, who took the required first aid class under the sponsorship of the American Red Cross, and who were successful in passing the examination to qualify them in the standard course, have been certified to H. half civilized and dealt with 'em accordingly. The Roosevelt administration changed all this, but it takes a while for the new policy to "take" with all the Latins.

State Undersecretary Sumner Welles has had a lot to do with improving relations. Welles is accused of usurping power (or influence) over State Secretary Cordell Hull in connection with Latin-American negotiations. I don't imagine that he really has usurped.. anything, but he certainly is, in that field, a competent adviser. He's lived in it. He understands and likes it. And, in return, HE'S liked. He's familiar, personally, with everything from the Rio Grande on down to Cape Horn, not to mention some nearby islands. Secretary Hull is enlightened but theoretical. Sumner's practical. South America's coasts are very different from one another. The west coast, due to its considerable Jap settlements, generally is rated pro-Jap. In reality it's "anti." Its expatriate Japanese had enough of Nippon before emigrating. Maybe its been noticed that the Honolulu government is recruiting a body of ex-Jap residents to help fight the Mikado; if needed. I'd gamble that the Honolulu government is guilty of no foolishness in enlisting 'em.

The South American east coast Germans are as much locally assimilated as are the Japs on the west coast. That Montevideo meeting testifies to it. Few of those Deutschers fled Hitlerism; that's too recent. But shoals of 'em fled kaiserism, and, between the two they don't recognize much difference.

As for the Italians, they're South Americanized completely.

Then come the Russians. They're not so strong—fewer of 'em. Communism isn't overly fierce. You'd think otherwise, to hear Congressman Martin Dies, but he doesn't know a blessed thing about Latin America. What remains is to build a fire under Argentine President Castillo to bring his republic into the western hemispherical coalition. With 20 New World countries, and Canada, that want him in, and a country of his own that wants him in likewise, it doesn't seem as if he could stand out indefinitely.

the expansion of the war industries has been so great and the pressure under which the many thousands of defense plant workers labor is so high that the vital business of guarding against illness and accidents is not being considered with quite the care as in other days. The management of these plants, so far from being obvious to the need, take every precaution they can, but the sheer size of the job makes it unprecedentedly difficult.

WHAT IS suggested is that the remedy lies in an educational campaign, beginning with the labor-management committee which, adopting the old Baltimore and Ohio Railroad plan, Mr. Nelson set up more than a year ago. Through these the supervisors and foremen in these great factories could receive instructions that would result in the education along preventive lines of millions of workers. The men who know most about it say that one big cause of absenteeism lies in permitting men and women who are feeling badly to continue working. Often, if these were sent home for a day or so, they would not have to be out for several weeks. Also, the accident rate is accelerated when half-sick people are permitted to operate machines.

ABSENTEEISM in industry because of sickness represents, it is contended, an enormous wastage to employes because of loss of wages, to management because of loss of earnings and to the country because of lowered production. The problem can be solved, both as to health and morale, it is claimed, better by working from the bottom up through labor-management committees than in any other way. What's the matter with our war agencies that all they do is talk about this situation? Here is something upon which labor and management can cooperate to their mutual advantage and which at the same time would mean more ships, more planes, more guns and more bombs for winning the war.

ONE WOULD think they would rush to ameliorate this problem at least to the extent of Mr. Nelson's two per cent. One would think that one of these agencies would set up a division of Industrial Health Management with a competent man as director and a consulting committee of experts. There is nothing either cracked or paternalistic in the idea of intensive work on this absenteeism business. There are men who have become experts. Why not use them? It seems as vital as it is obvious. But, perhaps, that accounts for the inertia—it is too obvious.

Committee Will Probe Suspected Federal Workers

House Naval Affairs Also To Investigate Permanent Air Bases In Pacific

By WILLIAM THEIS
(U. N. S. Staff Correspondent)

WASHINGTON, Feb. 11.—A five-man sub-committee to investigate charges by the Dies committee that known communists and members of left-front organizations were on the federal payroll were named on Wednesday by Rep. Cannon (D) Mo., chairman of the House appropriations committee.

Cannon, making the announcement as the House prepared to consider a resolution extending the life of the Dies committee for two years, appointed Rep. John H. Kerr (D) N. C., as chairman of the special group. Other members named were Reps. Gore (D) Tenn., Anderson (D) N. Mex., Powers (R) N. J., and Keefe (R) Wis.

Pickens First Case

The first case to be investigated, probably early next week ,will be that of William Pickens, a negro and a $5,600-a-year worker in the Treasury. Pickens' name was on a list of persons compiled by the Dies committee as members of suspected communist front organizations.

At the same time the House was to vote on an unprecedented two-year continuation of the Dies committee.

Earlier, Representative Carl Vinson (D) Ga., chairman of the House naval affairs committee, announced he would appoint a special committee to investigate the possibility of lend-lease agreements for permanent air and naval bases in the Pacific.

Landis also outlined a nine-point program that he said the 78th Congress should enact:

Its chief proposals were:

"In the post-war period airports will be as vital as seaports were before the war. Throughout history seaports have been open primarily because countries desired commerce. These seaports were difficult to control bcause it took a gigantic fleet to police them. It will be much easier to control airports after this war. We must have title to enough American-built airports on foreign soil to insure us equal air strength with any other nation."

Landis also insisted that it was the duty of Congress to "insist on retaining title to planes, ships and war materials loaned to our allies."

He also urged a post-war commission to insure full employment.

Landis touched off what appeared to be a rising tide of sentiment favoring proposals to acquire a world-wide airports system.

Secretary of Navy Frank Knox said a string of naval and air bases in the Pacific must be acquired as a military precaution to keep Japan disarmed forever.

"Roosevelt's appointments often cause people to wonder." And so many appointees never do anything to clear up the mystery.

Your Federal Income Tax

No 34
DEDUCTIONS FOR CASUALTY LOSSES AND THEFTS

Losses arising from fires, storms, shipwrecks, or other casualty, or from theft, are allowable deductions in computing net income for Federal income tax purposes. Thus, if a taxpayer's home is destroyed by fire or damaged by flood or storm, or his automobile is wrecked, or if his property is stolen, he may claim a deduction for the loss sustained and not compensated for by insurance or otherwise. The amount of such loss, if incurred in connection with a trade or business, is entered in Schedule H to arrive at the net profit (or loss) shown in item 9 of the return; other losses are entered as item 15 of Deductions in return, Form 1040, and must be explained in Schedule C of the return form.

The intent of the law regarding deductions for casualties, generally, is to allow for losses caused by natural forces. Such losses may be either of a personal or a business nature. To be an allowable deduction, the loss may not arise from the willful act or negligence of the taxpayer. Damage sustained to one's car by collision or accident, for instance, is a deductible loss, unless the damage is due to a willful act or negligence on the part of the taxpayer. Faulty driving would not be classified as negligence, but driving while intoxicated would be so regarded.

Likewise, in the case of claims for loss of property by theft or burglary, it must be established that the property actually was stolen, and not merely mislaid or lost.

In the case of insured property, the amount of recovery through insurance must be taken into account in determining the amount of loss.

The amount of loss allowable in the case of property damaged or destroyed is frequently difficult of determination. A general rule is that the loss is measured by the difference in the value of the property immediately before and immediately after the casualty. The loss on a wrecked car would be the difference between its market value just before the accident and the salvage value after the accident. In the case of trees, or ornamental shrubbery, destroyed by a sleet or snow storm, the measure of the loss is the loss in the value of the property of which they were a part, that is, the reduction in the value of the property arising from the casualty. This may or may not be the same as the value of the particular trees or shrubs destroyed.

In determning the amount of loss, also, sentimental values are excluded, for the reason that such values are not susceptible to measurement. Losses claimed must, in general, be related to market value of the property affected by the casualty. Losses claimed for the destruction, damage, or theft of family portraits, heirlooms, or keepsakes, must be based upon loss of intrinsic value apart from the sentimental value.

A further rule regarding deductions for losses from casualties and thefts is that such losses are deductible only in the year in which they are sustained, even though they may not be discovered until a later year.

A deduction for loss from casualty or theft may be allowed only to the owner of the proprty with respect to which the loss is sustained.

How You—a Woman can speed your country's victory

This is 1943. This is a year of great Allied offensives—crushing blows at the enemies of our way of life.

TODAY, on the threshold of all-out attack, America needs every able-bodied fighting man for combat duty. The full strength of our Army can be used decisively only when the places of many thousands of soldiers now at work behind the lines *are taken by women.*

When the Army called for men to volunteer, even before Pearl Harbor, the instant response broke all previous enlistment records. Now the President has authorized 150,000 volunteers for the Women's Army Auxiliary Corps—*immediately.* The sooner these women are trained, the sooner the men they replace can help to win battles.

Tens of thousands of WAAC auxiliaries and officers already are enrolled. They are proving that the American woman can do a man's job in a man's army and do it magnificently. They are taking over important duties in the Air Forces, the Signal Corps and other branches of the Ground Forces and the Service of Supply. Some already are serving abroad.

Before this crucial year ends, the Women's Army Auxiliary Corps will need more officers than there were in the Regular U.S. Army in 1939.

Days are passing—days vital to American victory. If you have been thinking about joining the WAAC, the time to do it is *at once.* If you are a healthy United States citizen, age 21 to 44, inclusive, any race, color or creed, go to the nearest U. S. Army Recruiting and Induction Station today, and get full information on the openings, pay, promotions and training in the WAAC. Total War won't wait. Your country needs you *now!*

HALF MILLION ALLIED TROOPS NOW IN AFRICA

(International News Service)

LONDON, Feb. 11—Nearly 500,000 troops have been landed in North Africa for the campaign to dislodge the Axis from that continent, Prime Minister Winston Churchill revealed today.

In convoying this tremendous force from England and the United States, shipping losses were smaller than the total "that fell into our hands," Churchill said.

Dr. M. Gruenewald Addresses Zionists

Dr. Max Gruenewald of New York adresed the Lawrence County Zionist Groups Wednesday evening at 8:30 o'clock in the Cosmo club, North Mercer street.

Dr. Gruenewald, who studied at the Hebrew University, described the present course of study available at the university, which has become the leading educational institution in the Near East. He specifically pointed out the practical aid that the university was rendering the Allied governments in the Near East by preparing various serums for tropical and subtropical diseases, and by offering medical officers of the Allied governments their knowledge of various tropical diseases, and the facilities of the research laboratories where many of the officers are enrolled.

He further revealed that all the maps used by the British armies in the Near East and Egypt were prepared by the university.

Gen. Eisenhower Will Command

(International News Service)

LONDON, Feb. 11—The British Eighth Army, driving into Tunisia after ousting the Axis armies from Egypt and Libya, will go under the command of U. S. Gen. Dwight D. Eisenhower when it passes "into the American sphere," Prime Minister Winston Churchill said today in the House of Commons.

Gen. Harold R. L. G. Alexander, British Commander-in-Chief in the Middle East, will be deputy Commander-in-Chief under Gen. Eisenhower, Churchill disclosed.

"I have great confidence in Gen. Eisenhower," said Churchill. "He is one of the finest men I ever met."

WOMAN BURNED BY VARNISH REMOVER

City firemen were called to the home of Mrs. Agnes Komary, of 1616 Huron avenue, at noon today, when varnish remover, which Mrs. Komary was warming on the stove exploded, slightly burning her about the hands. Mrs. Komary threw the burning material into the sink and covered it with a rug. Extinguishing the blaze. Damage of around $10 was done. City firemen gave her first aid treatment for her burns.

For Joyful Cough Relief, Try This Home Mixture

Real Relief. Big Saving. So Easy. No Cooking.

This splendid recipe is used by millions every year, because it makes such a dependable, effective medicine for coughs due to colds. It's so easy to mix—a child could do it.

From any druggist get 2½ ounces of Pinex, a special compound of proven ingredients, in concentrated form, well-known for its soothing effect on throat and bronchial membranes.

Then make a syrup by stirring two cups of granulated sugar and one cup of water a few moments, until dissolved. It's no trouble at all. No cooking needed. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Put the Pinex into a pint bottle and add your syrup. This gives you a full pint of very effective and quick-acting cough medicine, and you get about four times as much for your money. It never spoils, and is very pleasant—children love it.

You'll be amazed by the way it takes hold of coughs, giving you delightful relief. It loosens the phlegm, soothes the irritated membranes, and helps clear the air passages. Money refunded if not pleased in every way.

NEW ORDER FOR AIR RAID PLAN

(International News Service)

HARRISBURG, Feb. 11.—Street lighting must be extinguished on the first audible signal under the new air raid warning system which goes into effect on Feb. 17, the state defense council announced today.

Acting Executive Director A. Boyd Hamilton said that "all street lights, except so-called luminaries which comply with war department specifications, must be extinguished on the first or 'blue' signal."

He added that the "all clear" signal will not be given by an audible alarm. The council has recommended the use of radio stations to inform the public that an air raid or test is over.

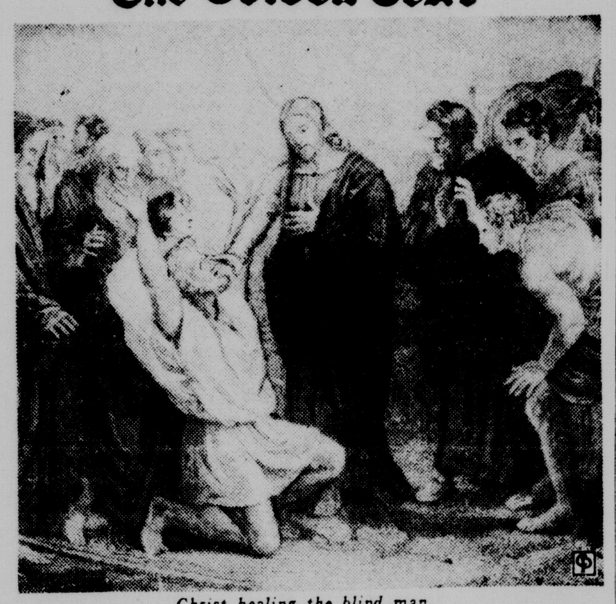
Jesus Heals A Man Born Blind

Highlights On The Sunday School Lesson

The Golden Text



Christ healing the blind man

"One thing I know, that, whereas I was blind, now I see."—John 9:25.

By NEWMAN CAMPBELL

(The International Uniform Lesson on the above topic for Feb. 14 is John, the Golden Text being John 9:25, "One thing I know, that, whereas I was blind, now I see.")

"As Jesus passed by," St. John tells us, "He saw a man which was blind, from his birth."

We learn that at that time there was much discussion in Jerusalem about the whys and wherefores of various problems, and the Jews had not escaped this questioning spirit of the times. Therefore, when the disciples saw this man they asked: "Master, who did sin, this man or his parents, that he was born blind?"

Jesus' answer was that neither the man nor his parents had sinned and caused the affliction, but that the "works of God should be made manifest in him." "I must work the works of Him that sent Me while it is day," John reports Jesus as answering, "the night cometh, when no man can work. As long as I am in the world, I am the light of the world."

Jesus Anoints Man's Eyes

Then Jesus spat on the ground, made clay of the spittle, and anointed the eyes of the blind man with it. "Go, wash in the pool of Siloam," He told the man, so he did and received his sight.

When this man went home the neighbors gathered about him, saying, "Is not this he that sat and begged?" They couldn't believe their eyes. He answered them that it was indeed he. "How were thine eyes opened?" they asked. When he told them they asked where was He that had done this wonderful thing. The man did not know, so his neighbors took him to the Pharisees and when they heard about it they remembered that it was the Sabbath day when this miracle was performed.

They too asked the man how he received his sight, and when he told them some said, "This man is not of God, because He keepeth not the Sabbath day." Others among them said, "How can a man that is a sinner do such miracles?" Again they asked the former blind man, "What sayest thou of Him, that He opened thine eyes?"

States Jesus Is Prophet

Simply the man said, "He is a prophet," not yet realizing how much greater than a prophet Jesus was. The Pharisees were still unbelieving, so they asked his parents, "Is this your son, who ye say was born blind? how then doth he now see?"

His parents did not want to get into any trouble with the rulers of the temple, but answered, "We know that this is our son, and that he was born blind: but by what means he now seeth, we know not; or who opened his eyes, we know not: he is of age; ask him, he shall speak for himself.

So again they questioned the man, saying, "Give God the praise; we know that his man (Jesus) is a sinner."

By this time the man must have lost patience with them, and, risking their displeasure and possible excommunication from the church, he said, "Whether he be a sinner or no, I know not one thing I know, that whereas I was blind, now I see."

Pharisees Ask Again

Once more they asked, "What did he to thee? how opened he thine eyes?" This was too much for the man's patience, and he answered, "I have told you already, and ye did not hear: wherefore would ye hear it again? will ye also be His disciples?"

"Then they reviled him and said, Thou art His disciple; but we are Moses' disciples. We know that God spake unto Moses: as for this fellow we know not from whence He is."

"Why herein is a marvelous thing," the man answered them, "that ye know not from whence He is, and yet He hath opened mine eyes. Now we know that God heareth not sinners; but if any man be a worshiper of God, and doeth His will, him He heareth.

"Since the world began was it not heard that any man opened the eyes of one that was born blind. If this man was not of God, he could do nothing."

Pharisees Angered

This was too much logic for the Pharisees and they were outraged that such as he, a former beggar, should presume to teach them. "Thou wast altogether morn in sins, and dost thou teach us?" they asked fiercely ,and they cast him out.

Jesus heard that the Pharisees had cast the man out and He found him and said to him, "Dost thou believe on the Son of God?" The man answered and asked, "Who is He, Lord, that I might believe on Him?"

Jesus said, "Thou hast seen Him, and it is He that talketh with thee."

Then the man answered, "Lord, I believe." And he worshiped Him.

TEACHER STRIKES MAY BE CURBED

(International News Service)

HARRISBURG, Feb. 11.—Legislation may be prepared to prevent teachers from staging "sit-down strikes" in classrooms for higher wages, Rep. William R. McMillen (R) Indiana hinted today.

Pointing out that he was a teacher, McMillen said that instructors were aware of low salaries when they entered the profession because is was "one of the liabilities". His remarks, he added, were occasioned by the strike of Rankin borough teachers in an effort to obtain better salaries.

"It is high time," McMillen declared, "that this legislature served notice on the teachers of Pennsylvania that striking automatically eliminates them from the teaching profession because to strike is against the fundamentals of teaching."

"I'd like to see the day," he added, "when teachers can be fired without question for striking."

MAP PLANS FOR RED CROSS WAR FUND CAMPAIGN

Meeting Of Key Workers Held In Chapter House Last Evening With Dr. Galbreath

At a meeting of business and industrial leaders held in the Chapter House on North Jefferson street, Wednesday evening, plans for the great $96,000 war fund drive of the Lawrence County Chapter, American Red Cross, were gotten unnder way. Chairman W. Walter Duff, of the Chapter presided, and introduced Dr. Robert F. Galbreath, president of Westminster College, who will be chairman of the War Fund drive.

Committees were gone over to head the different branches of the campaign. Through the generosity of the Pennsylvania Power Company, campaign headquarters will be established in the lobby of the Penn Power Company building on the east corner of The Diamond.

Further meetings of leaders in various branches will take place during the month, and a mass meeting of all workers and leaders is planned prior to the opening of the general campaign on March 1.

More complete details of the campaign will be announced later by Dr. Galbreath.

Never in the history of the Red Cross has it been asked to provide as much service to the men in the armed forces as now. With the army and navy ever extending itself in the field, the Red Cross has broadened its scope of activities, acting as the laison agent between the men in the field and their families back home, providing them with recreation centers, and a great many other services, necessitating the appeal for a national fund of $125,000,000.

No appeal was made last fall at regular roll call time, and the present campaign will be the only one during the current year. Dr. Galbreath is confident that if anyone does his full share to meet this wartime obligation that the amount needed will be raised in record time.

General Wainwright, Prisoner Of Japan, Honored At Ceremony

Oak Leaf Cluster Award Presented To Mrs. Wainright At Governor's Island

By JAMES L. KILGALLEN
(I. N. S. Staff Correspondent)

NEW YORK, Feb. 10.—One of America's outstanding heroes, Lieut. Gen. Jonathan M. Wainwright, now a Japanese prisoner of war, was signally honored (in absentia) in a colorful military ceremony at Governor's Island Wednesday afternoon.

The oak leaf cluster, awarded by direction of President Roosevelt, was presented to the general's wife, Mrs. Adele H Wainwright of Skaneateles, N. Y., by Lieut. Gen. Hugh A. Drum in behalf of the war department.

Mrs. Wainwright had learned only three weeks ago that her husband, listed as "missing in action" since the fall of Corregidor last May 6, is a Japanese prisoner in Taiwan camp, island of Formosa.

Along with the decoration, a message from General Douglas A. MacArthur was handed to Mrs. Wainwright. Her husband had followed MacArthur as commander of the United States forces in the Philippines. General MacArthur's message, cabled to General Drum, read:

"Please tell Mrs. Wainwright of my sincere hope that before too long a time elapses I may have her husband back on active service again under my command. His rescue is ever in my thoughts."

Distinguished guests at the ceremony included high-ranking officers of the U. S. army, Mayor F. H. LaGuardia of New York City, relatives of General and Mrs. Wainwright, and a number of graduates of the West Point class of 1906 (the general's graduating class).

ANTI-INFLATION TESTS NEARING

(International News Service)

WASHINGTON, Feb. 11—Two major early tests for the anti-inflation program of economic stabilization Director James F. Byrnes—one involving organized labor and the other the "farm bloc"—were foreseen today by congressional observers.

The first test may arise in the senate next week when Sen. Bankhead (D) Ala., proposes passage of a resolution overturning an office of Price Administration ruling that farm benefits can be included in fixing ceiling prices.

Sen. George (D) Ga., predicted that the crucial test will arise on the demand of President John L. Lewis of the United Mine workers for a $2 a day increase for coal miners.

Congressional reaction to the Byrnes anti-inflation plan generally was favorable.

Martin Says State To Grant Furloughs To Liquor Employes

(International News Service)

HARRISBURG, Feb. 11.—Employes of the state liquor control system were told on Wednesday by Gov. Edward Martin that they be granted furloughs until after the war if they desired to obtain war jobs.

The chief executive pointed out that employes were protected by civil service and "will be able to re-enter state employment when the war ends." Under the new federal "work or fight" order issued last week, liquor employes with dependents are subject to the draft after April 1 unless they obtain war jobs.

In legislative circles doubt was expressed it would be legal for a state employe on furlough to accept another position.

CHARGE HE DESTROYED RAILROAD WAY BILLS

(International News Service)

PHILADELPHIA, Feb 11.—Jack J. Beyer, 44, of Philadelphia, a Pennsylvania railroad clerk, was held in $600 bail for the grand jury Wednesday on charges of destroying way bills on freight shipments.

In revealing Beyer's arrest, police said it solved the mystery of freight traffic jams in a south Philadelphia railroad yard six months ago. Beyer, married and an employe of the carrier for 20 years, denied the charge.

DRUNKEN DRIVERS

We spend a lot of money to educate our children. We try to keep them healthy and strong. We teach them to drive and get them a driver's license. Then we let them drink alcohol and try to drive. Doesn't that seem foolish?

It takes only a small amount of alcohol to interfere with driving. Some people are affected more than others.

Sometimes the people who are affected the most realize it the least.

We have tests which help to calculate how much alcohol a driver has drunk. We have tests which help to decide how much he is affected by it. The safest way is for drivers not to drink at all.

Alcohol may affect a driver differently at different times. An amount which did not interfere much yesterday may act very disastrously today.

Drivers should not drink.

BOY INJURES WRIST

Wayne Allen, aged 8 years, son of Mr. and Mrs. Thornton Allen, of 1006 Wilmington avenue, was treated at the Jameson Memorial hospital at 6:30 o'clock, Wednesday evening, for a laceration of the right wrist, which he had torn on a rusty nail while at play.

A hick town is a place where the word "Immoral" never means anything but sex naughtiness.

OCD NOTES

Activities Of OCD Workers Are Outlined Here

Arrangements have been made whereby several groups will study the operation of the control center tonight. Numa Vidal, Jr., will explain the operation. Every member of each group must display his or her identification card before admittance will be allowed. The schedule follows: 2-1 at 8 p. m.; 4-5 at 8:40 p. m. and 2-1 at 9:20 p. m.

The local office of civilian defense has been making a check on air raid drills as conducted in schools. The drills, in most cases, have been well conducted and those responsible deserve commendation.

Spanish-American War Veterans To Honor Maine Day

Banquet At Y. W. C. A. Saturday On Anniversary Of Sinking Of Battleship

Saturday evening the Spanish American War Veterans will hold a banquet at the Y. W. C. A., it being the annual Maine Day event and from all indications there will be a large turn-out of the Veterans and their families.

These affairs are held annually on the date of the sinking of the battleship, Maine, which participated in the war with Spain in 1898. It was on February 14 of that year that the nation was horrified over the sinking of the ship with great loss of life, only a few of those on board being saved. The sinking of the ship, as will be recalled, took place during the night when all on board were asleep but those on guard.

Each year since this day has been observed by Spanish War veterans all over the country. The committee in charge, headed by Past Commander Rees Lewis has prepared an interesting program for the occasion and the members are looking forward to an enjoyable evening with their comrades. There will be quite a few invited guests present.

Note on the foresight of admirals: They fought Edison because he wouldn't let them scrap the old destroyers that later helped to save England.

Some Reduction In License Fees For Autos Seen

(International News Service)

HARRISBURG, Feb. 11.—Reductions in license fees for owners of private automobiles and half-ton "pickup" trucks were virtually assured today after Gov. Edward Martin endorsed a House-approved measure revising the motor vehicle registration code.

A flat $10 fee for passenger cars was proposed while a companion measure directed that light truck registrations be cut from $26.50 to $16.50. Both measures passed the House by overwhelming majorities and were sent to the Senate for concurrence next week. Both Houses recessed yesterday and will reconvene Monday for the sixth week of the current biennial session.

Rep. George W. Huntley, Jr., (R) Cameron, voted against the "$10 bill" claiming it was "the product of a pressure group." He asserted that only persons owning large cars would benefit by the measure.

"It favors a class of motorists who get more for their money now than any other users of the highway," he declared.

SONS OF V.F.W. TO MEET NEXT MONDAY

DIVORCES GRANTED

Seven divorce decrees were handed down Wednesday morning, six of them by Judge John G. Lamoree and one by Judge W. Walter Braham. The six of Judge Lamoree's were: Stella V. Pauletich from Joseph Pauletich; Margaret Sanders from Milo Sanders; May N. Schultz from John Schultz, Jr.; June Helene Heflick from John Paul Heflick, Jr.; Juliana M. Rudesill from Frank J. Rudesill; Ethel Mary Kersey from Henry Kersey. The one handed down by Judge Braham was that of Bettie Jane Keck from Robert Harry Keck.

BUDGET TO BE ADOPTED

The 20 days of public view of the budget having passed, the budget and tax levies for the year are ready for action by the county commissioners. Denoting the usual interest in the budget, not a person outside of the court house circle took trouble enough to view it.

RATION DAYS NOT SET

While it is expected the days for registering for the new ration books will be February 22 to 23, in the school houses of the county, no formal announcement to that effect has been made. Robert A. Eckles, executive secretary of the War Price and Ration Board, expects some definite word within the next few days.

Draw Pension Checks For Former Officials

Ex-Governor James To Receive $309 Monthly For Life From State

(International News Service)

HARRISBURG, Feb. 11.—Approved by the state employes' retirement board, substantial pension checks were being drawn Wednesday for former state officials, including ex-Gov. Arthur H. James, who will receive $309 a month for life.

The largest pension will go to former chief justice of the Supreme Court William I. Schaffer, 76, who retired last month after 42 years of service with the state. He will receive $492 a month.

Upon the death of the former chief executive, his beneficiary will receive the unexpended balance of the annuity to which he is entitled by reason of 14 years of state service as lieutenant governor, superior court judge and governor. James left office on Jan. 19, being succeeded by Gov. Edward Martin.

The former governor will receive his first pension check in about two weeks and one monthly after that.

Other former state officials and the monthly amounts they will receive follow: Ex-State Police Commissioner Lynn G. Adams, of Harrisburg, 35 years service, $335; Samuel S. Lewis, of York, former lieutenant governor, 21 years service, $289; E. Arthur Sweeny, of Greensburg, ex-secretary of welfare, four years service, $66.

BROTHER CRITICALLY ILL

If he knows the inscription on the State of Liberty and can repeat the Gettysburg Address, he came to America after he was grown.

British Eighth Army Continues Advance

General Alexander Envisages Imminence Of One Battle, Not Two, In Africa

(International News Service)

CAIRO, Feb. 11.—The British Eighth Army is on the advance after having driven the last of Field Marshal Erwin Rommel's forces from Libya, Gen. Sir Harold R. L. G. Alexander, British commander-in-chief in the Middle East, declared on Wednesday.

"The enemy's forces have been completely eliminated from Egypt, from Cyrenaica and from Tripolitania," Gen. Alexander told newspaper correspondents gathered at his headquarters." . . . These successes have been equally shared by the three British services and the United States Air Force."

The British commander envisaged what he said was the imminent fact that there will be no longer two battles but one in North Africa, "with the First and Eighth armies fighting as one in order to accomplish the final elimination of the Axis from Africa."

Meanwhile it was officially disclosed that Allied bombers had again blasted the Sicilian capital of Palermo Monday night, starting a number of fires. Supply centers on the Italian mainland were also blasted, the announcement said.

Two Axis bombers that attempted to raid Tripoli Monday night were shot down by Allied fighter planes. None of the Allied planes were lost eiher in offensive or defensive operations.

Pomona Grange To Meet On Saturday

Afternoon Session's Forum Will Discuss War Problems In Lawrence County

Pomona Grange will hold a day-long meeting at the Moravia Presbyterian church on Saturday, beginning at 10:30, with the forenoon session of business routine and reports. North Beaver will be the hostess grange. During the afternoon the following program will be carried out: 1:30 p.m., music by the grange; 1:35, cornet solo, by John Klamer; 1:40, saxophone solo, Rea Belle Carr.

Presenting of the wards for outstanding vocational and 4-H work during 1942 will take place at 1:45. They were won by Ernest Carr, East Brook Chapter F. F. A., North Beaver township vocational school, Dorothy McAnlis, Big Beaver 4-H Club, and Robert Byers, Westfield 4-H club.

At 2:05, E. C. Wiggins will speak on "The Farmer and His Wartime Job", followed by a solo by John Kyle.

"What are the present effects of the war on the life of rural Lawrence county? What can be done about it?" These are topics to be discussed at the forum, beginning at 2:40. Harold R. McCulloch will act as chairman, Rev. A. D. Anderson will represent the church, Mrs. Seldon G. Byers the home, S. G. McCullough the school, and Eugene Sampson the farm.

A talk on the federal income tax will follow, given by Errol Fullerton, assistant district attorney. After reports of state grangemasters and the passage of resolutions, the grange will close at 3:50.

Marshall Wins Some Converts To Army's Plan

Members Of Senate And House Committees Hear Army Chief Of Staff

By HORACE M. COATS
(I. N. S. Staff Correspondent)

WASHINGTON, Feb. 11.—Gen. George C. Marshall, army chief of staff, convinced some members of the Senate and House military affairs committees on Wednesday that plans for a total of 11,000,000 men in the armed services this year is sound.

He appeared before the committee in a joint secret session during which he canvassed the entire military situation. Members were pledged to secrecy on any testimony involving military strategy or operations.

Chairman Andrew May (D) Kentucky, of the House military affairs committee, was converted to the necessity of plans for a big force. May earlier this week urged that total forces be limited to approximately 9,700,000 men.

"Army's Plans Justified"

"I think unquestionably that the Army's plans were justified," said May after the meeting. "There was nothing to indicate any change of plan. I feel that it would be wise for Congress to follow the leadership of the Army."

Sen. Gerald Nye (R) N. D., said that he did not regard the 11,000,000 figure as unchangeable.

"I feel that there is a good chance of some reduction in Army plans which appear to be subject to change depending on the manpower situation," he said.

Both May and Nye said there is a strong possibility of the Army furloughing men for farm work. Economic Stabilization Director James F. Byrnes revealed last night that this is under consideration.

May said there would be no "mass furloughing" but that if it is done it will be handled on a military unit basis.

"Support High Command"

Sen. Chandler (D) Ky., declared that it would be "a tragic mistake for Congress not to support the high command by providing sufficient men to do the job."

Sen. Downey (D) Cal., declined to discuss the conference with Gen. Marshall. Asked whether he still believed army plans are too large, he replied:

"Without any reference whatever to this meeting, I do not hesitate to say that total forces should be limited to 9,000,000."

One senator, who declined to be quoted, said he believed that Gen. Marshall had "pretty well justified" the Army's plans and that he did not believe Congress would take upon itself the responsibility of rejecting plans of the high command.

Prior to Marshall's appearance before the two committees, Sen. Bankhead (D) Ala., chairman of a Senate sub-committee investigating manpower, proposed suspension of the draft except for the selection of men for the Air Forces and the Navy.

WILL INDUCT 400,000 MEN EACH MONTH

By JACK VINCENT
(U. N. S. Staff Correspondent)

WASHINGTON, Feb. 11.—Maj. Gen. Lewis B. Hershey, director of selective service, today told congress that the great majority of the 10,000,000 physically-fit men between the ages of 18 and 38 would be drafted into the armed services before the end of the year—regardless of occupation or marital status.

He also disclosed that men would be inducted at the rate of 400,000 a month during the next few months—2,000,000 men by the time summer rolls around. He said, too, that it would be possible to draft several hundred thousand single men working in war factories now and let them remain at their jobs in army uniform—with army pay.

Gen. Hershey appeared before the house military affairs committee to oppose a bill by Rep. Kilday (D) Tex., which would prevent drafting of married men with children until all other classifications had been exhausted. Gen. Hershey said that the Kilday bill was unwise and administratively impossible.

AROUND CITY HALL

City of New Castle will oppose the sale of the Alexander property to W. G. and A. C. Dietterle, West Grant street, by the County of Lawrence, for a bid of $150. The Alexander property, adjacent to the Erie Railroad in Grant street, was damaged by fire a long time ago, is an eye-sore yet, according to the city council the material alone is worth more than $150.

Chief of Police Willis G. McMullen today announced that officers have been instructed to watch for meters which are "set" by autoists and further announced that a record of licenses of cars parked at "set" meters is being kept. No doubt the double announcement means that this comes under the category of "tampering" and some stiff fines may be handed out.

Shooting Of Dutch Official Reported

(International News Service)

LONDON, Feb. 11.—The shooting of Dr. H. Reydon, member of Anton Mussert's newly appointed "secretariat of state of the national socialist movement of the Netherlands" for public enlightenment, and his wife was reported today by the Scandinavian Telegraph Bureau in a dispatch from Amsterdam.

Whether the wounds received by Reydon and his wife were fatal was not ascertainable.

The Scandinavian Telegraph Bureau stated that the attack was carried out by "unknown terrorists," and that "strong reprisals" were expected.

Cotton supply parachutes have been developed to serve the U. S. fighters in beseiged garrisons and lonely outposts. The parachutes are being used increasingly to deliver food, arms and ammunition.

ICKES PROMISES QUICK DECISION ON GAS PLEA

(BULLETIN)
(International News Service)

WASHINGTON, Feb. 11.—Federal Oil Administrator Ickes today promises a "quick decision" on an appeal from Western Pennsylvania congressmen that 25 western counties be taken out of the eastern states oil ration area.

Claiming that Western Pennsylvania is an oil producing area, the congressmen pointed out that there were ample quantities of gasoline and oil in these counties.

They asked Ickes and OPA Administrator Prentiss Brown to remove the counties from District 1 and put them into District 2.

The effect of this would be to boost the value of gasoline ration coupons in that area from 3 gallons each to 4 gallons. It would, at the same time, lift the pleasure driving ban in the area.

A delegation was headed by Senators Guffey and Davis, and many business men from Western Pennsylvania, as well as several members of the House of Representatives attended.

HANGS SELF AFTER HUSBAND THREATENS TO ENLIST IN ARMY

(International News Service)

PHILADELPHIA, Feb. 11.—Mrs Wanda Coyle, 28, mother of two small boys, today hanged herself shortly after her husband threatened to join the army, police reported.

"If you go in the army you'll have to bury me when you get your seven-day furlough," her husband Robert, 32, said she told him. A few hours later he found her body hanging from a door.

Willkie Returns To Indiana For Speech

Many Believe Visit Heralds Bid For 1944 Presidential Nomination

(International News Service)

INDIANAPOLIS, Feb. 11.—Wendell L. Willkie returned today to his native state for a speech before a joint session of the Indiana senate and house of representatives, a visit which many believed might herald a 1944 bid for the G.O.P. presidential nomination.

The 1940 standard bearer was to receive the highest honors from his fellow Hoosiers since the huge gathering at Elwood, Ind., when he formally was notified that he had been chosen the Republican nominee two and a half years ago.

Except for brief informal visits, Willkie has been absent from the state for two years and political observers have commented it is high time for him to be mending his fences in his home state.

Arrangements have been made for the broadcast of 15 minutes of Willkie's address tonight from 9:30 to 9:45 C.W.T. on a coast-to-coast hookup.

TWO ARE PUMMELED, ALSO FINED $25 EACH

Mayor Charles B. Mayne in police court today imposed fines of $25.00, in the case of Adolph Myron, Sheep Hill, and Frank Cratty, South Mill street, who allegedly interfered with an army lieutenant while he was dining early this morning.

They had been drinking and after being put out of a saloon, entered the restaurant which sells no liquor. Following the alleged insult the lieutenant, Naturally resented it physically. However, several young men who have relatives in the army "took over". The pair were pummeled. Acting Manager Joseph Noccra summoned police and had the pair arrested and the climax was the fining of both.

The "jeep" is officially "a quarter-ton, 4-by-4 truck" and was intended to replace motorcycle-sidecar vehicles and to bridge the gap between heavy advance units and infantry.

ME CONSTIPATED? NO LONGER!

Boy, how fed up I used to get with myself! I just wasn't any good.

I used to use medicinal laxatives. But my constipation came back just the same. Then I found out why—it was due to lack of "bulk" in my diet!

So — I began eating KELLOGG'S ALL-BRAN regularly and drinking plenty of water. That swell cereal got right at the *cause* of my constipation and *corrected it!* It helped me "Join the Regulars!" Maybe it could help you, too. Ask for it at your grocer's today. ALL-BRAN is made by Kellogg's in Battle Creek, Michigan.

Kentucky Derby To Be Staged At Churchill Downs

SECTION 21 CLIENTS SEE SIZZLING CAGE TIFFS NEXT 2 WEEKS

New Wilmington, Bessemer And Wampum Quints Face Bumpy Paths—"Greyhounds" Weakened By Kenny Cathcart's Injury—New Wilmington Goes To East Brook Friday Night—Wampum At Shenango Township-Mt. Jackson-Union High In Daylight Brawl.

Local Class B basketball clients anticipate two of the most torrid weeks of cage maneuvers as Section 21 title chasers zip toward the finish line and the WPIAL tournament.

As in past dribbling campaigns, the pennant is undecided. Three teams, New Wilmington, Wampum and Bessemer, are one, two, three. With crucial games coming up, there's a possibility that the eventual champion won't be known until February 23—the closing date.

Heavy Card Ahead

The undefeated "Greyhounds," sporting a long list of 15 victories, nine of them in league circles, still have to face East Brook, Bessemer and Wampum, the Bessemer clash being the only home affair.

Coach Johnny Eagleson's smooth-working force is not in tip top shape due to a foot or leg injury troubling the team's star, Kenny "Skyscraper" Cathcart. In the Shenango clash the towering athlete was forced to the sidelines in the second. He reappeared but was a shell of his former self.

With Cathcart on the limping list, the "Greyhounds" may find the sledding unusually rocky from here in, especially against Bessemer next Tuesday and Wampum on the 23rd.

If Cathcart can take his place in the lineup, the New Wilmingtoners figure to gain at least a tie for the crown, even if they draw bad breaks The College Towners figure to mow down the Brookers and Bessemer. Since they've already proved masters of Wampum, they'll enter the clash as the favorite.

Their spirts up despite two loop reverses, Bessemer is gunning for a sizzling finish. Billed to meet New Wilmington, Wampum and Mt. Jackson, the "Cementers" strive to avenge losses administered by the "Greyhounds" and "Indians."

Grubisa Clicking

Jack Grubisa, the high-flying guard, is a fine piece of cage machinery now that he's back in his normal stride. So is "Tex" Tasota the second tallest athlete in the circuit, and the rest of the lineup, Kresevich, Novad and List.

Joe Weresuk is girding his proteges for Tuesday's embroglio with the "Greyhounds." Bessemer must win or be counted out. "I have a feeling that our boys will win from here out. They're showing fight and seem to be clicking," one of the Bessemer officials said today.

Piloted by Coy "Springy" Craine Wampum is going all-out to cop its last three clashes which would insure the Hennonmen of at least a tie. The "Indians" have not forgotten that Wilmington rout and are in a fighting mood to make amends for one of the worst shellacking ever accepted by a Wampum team.

Friday's night's program is continued to East Brook and Shenango Township where Wampum and New Wilmington hope to continue their winning ways.

The "Greyhounds" exchange shots with East Brook and figure to emerge triumphant, even if Cathcart is unable to perform in high speed. The Brookers were routed 43-22 recently by the college town five.

Wampum plastered Shenango 53-35 recently and holds a big edge over the Nahas-coached club, one of the most improved in the circuit. Defensively, Shenango can hold its ground with the best.

In an afternoon game Mt. Jackson and Union play at Union high starting at 2:15 o'clock.

WPIAL TOURNEY STARTS FEB. 26

Event Will Be Staged In Pitt Stadium Again; Finals On March 13

Western Pennsylvania's annual scholastic blue ribbon event, the WPIAL basketball tournament opens Friday, February 26, on Pitt stadium floor.

Gathering in Pittsburgh last night, moguls outlined plans for the extravaganza. The following dates have been reserved for the tourney: February 26, March 1, 2, 3, 4, 6, 8, 9, 10, 11, and 13.

Class B play-offs will be staged at sites convenient to the participating teams.

No arrangements were made for play-offs in the events of sectional ties.

Pairings and other details are listed for the Wednesday, February 24 meeting, E. G. Groleau of Monaca, again is general chairman.

Church Leaguers Play Fast Battles

First Presbyterians Rally, Top Third U. P.; Croton Edges Wesley

Two of the hottest New Castle Church league games of the season were played on Y.M.C.A. floor last night.

In the opener, Bradford paced the First Presbyterians' rally in the final two minutes and a 30-26 victory over Third U.P.

Bradford Gets Hot

The Presbyterians held a 12-9 halftime edge. With every member of the lineup scoring, the Third U.P. was right in the game until Bradford got hot. He tallied 13 points. Caldwell starred for the losers.

Rubeis' fielder in the waning minute netted Croton a 31-29 victory over Wesley Methodist.

As the halftime whistle blew, Wesley sported a 16-10 edge. Rubeis pumped in four "fgs." to chop the deficit and then dropped the winning score.

Hilke featured for the losing quint.

In the added attraction, the Epworths got a surprise, losing a 32-28 decision to the Miltons of the House league. Fazzone did the trick with some fancing shooting in the closing minute.

CRONIN RETURNS FROM HONOLULU

(International News Service)

BOSTON, Feb. 11.—Skipper Joe Cronin of the Red Sox arrives at his Newton home today to end his journey from Honolulu where he was on Red Cross duty.

Awaiting him at Fenway park was a letter from Oscar Judd, southpaw pitcher from Canada, saying that he does not believe he'll have any trouble in crossing the border to join the Sox this spring. In past years the Sox posted a bond for him.

DUDLEY CHAMP GROUND GAINER IN PRO CIRCLES

"Rookie Of Year" Amasses Total Of 696 Yards In 162 Rushing Attempts

(International News Service)

CHICAGO, Feb. 11.—Bill Dudley of the Pittsburgh Steelers, who enlisted in the Army Air Corps two weeks ago, was the 1942 champion ground gainer of the National professional football league, according to statistics released today.

The University of Virginia Alumnus, acclaimed as the "rookie of the year" took his place among outstanding ball-carriers of all time by amassing a total of 696 yards in 162 attempts.

Condit Second

Merlyn Condit of Brooklyn, who several times took the lead away from Dudley during the season wound up second with 647 yards in 129 tries.

The longest gain of the season was turned in by Lloyd Cardwell of Detroit when he broke away for 80 yards against Cleveland Nov. 15. Elmer Hackney of Detroit ran 78 yards against his former teammates, the Steelers, Nov. 8.

One hundred and twenty-one men carried the ball in the 55 league games, compiling a league average of 3.24 yards per attempt against 3.23 in 1941.

Bears Rushing Kings

The Chicago Bears retained their team championship in rushing, although they were 275 yards short of their winning total in 1941 and averaged only 4 yards per rush against 4.63 in 1941.

Pittsburgh finished second in the team competition with an average of 3.77 yards and Detroit, the team that did not win a game, was third averaging 3.684 yards. Washington, the team that defeated the Bears in the play-off, wound up in fourth spot in the ball carrying department with 3.682.

The first 12 ball carriers for the season follow:

	Att.	Gains	Yd. Ave.
Dudley, Pittsburgh	162	696	4.3
Condit, Brooklyn	129	647	5
Famigietti, Bears	118	503	4.2

Manders, Brooklyn	93	316	3.4
McAdams, Brooklyn	110	314	2.9

HERE AND THERE IN SPORTS LAND

George Hurt, publisher of Spot Life magazine, Berwyn, Ill., is now a paratrooper...A report from the A. B. C. says that five youngsters from a Chicago high school rolled a 2923 total and a 1053 game. Bob Olsen paced them with a 672...Tom Laird has resigned as sports editor of the San Francisco News to run a bowling alley.

Billy Reale, light-heavyweight, is requested to communicate with Bill Bradley's dad. Bill is in service... Although trout season is yet two months distant some of the boys already have journeyed along the streams to look over conditions... If gas rationing is eliminated there will be a lot of boys casting flys or teasing trout with worms in April.

Jimmy Wilde, former 112-pound champion of the world, who was reported injured during a German bombing, lost his title to Pancho Villa, a great Filipino fighter, in New York City. Pancho caught Wilde when he was on the fag end of a notable career. With most of the able punchers doing their stuff for Uncle Sam it will be hard to secure fistic performers this year.

Tommy Lynch, one of the shrewdest "cops" in this part of the country, made us a nice present a few nights ago. He gave us enlarged photographs of the late Jimmie Dime, Tom McMahon and Dan Dailey. The photo of Dime was taken when he was in the prime of condition and running foot races.

It is about time for Paul McCullough to start getting his "wnip" into shape. Years ago he practicad control by hurling a baseball at a knothole. Despite his length of diamond service he went well last year and optimistically is looking forward to a good season.

Frank Ward, sports editor of The Vindicator, quips: Two best news stories of the year—FDR's African jaunt and announcement that the Cards would raise salaries...Rutgers boat crew will meet foes this year in boats borrowed from the opposition....Fred Lindstrom, former third baseman of the majors, has been recommended for the postmastership in Evanston, Ill.

Jacobs Devises Plan To Round Up Boxing Equipment For Camps

By JOHN CASHMAN
(International News Service)

NEW YORK, Feb. 11.—Uncle Mike Jacobs, the boxing game's Mr. Big, will throw the full weight of his power and influence into a plan he has devised for rounding up much-requested boxing equipment for military camps throughout the country, and today is neck-deep in the favorable responses to his benevolent scheme.

As is usual with most of the Jacob ideas, it is gigantic in scope. Before he is through he will have every boxing commissioner in the country involved in his plan, all of the big sport writers, newspapers and service organizations. His project, which is to hold boxing shows in raising money for the donations of fighting gear, will erect a great network of committees and sub-committees throughout the nation.

Few Committeemen

Among those he has asked to enlist their services are Gen. John J. Phelan, chairman of the New York State Boxing commission; Abe J. Greene, president of the National Boxing association; Commissioner Rains, head of the Pennsylvania board; John Hall, of New Jersey; Tris Speaker, of the Cleveland commission; Jules Covey, of California; Ike Mattes, of Louisana; Thomas Morgan, of the District of Samuel Smith, of Massachusetts; Frank Kosky of Connecticut; John Hettche, of Michigan; Sheldon Clark, of Illinois and Bob Mitchell, of Maryland.

Before shoving off for Miami, Jacobs revealed he would start the ball rolling with a boxing show in the Garden, part of the proceeds of which will be donated to the fund. Commissions elsewhere will be asked to get the promoters within their jurisdiction to stage similar shows.

Jacobs said the "glove and bag fund," as the drive will be known, will receive between $5,000 and $10,000 from the show he contemplates staging in the Garden.

'Penalty Box' Urged For Basketball!

(International News Service)

MILWAUKEE, Wis., Feb. 11.—The foul rule has not caught up with other changes in basketball, William S. ("Bill") Chandler, head basketball coach of Marquette University, said recently.

Chandler would like to see a change in the rules so that on the fourth foul a player might be removed from the game only for a specified time, perhaps three minutes. During that period a substitute could be sent into the game to play during the time the regular occupies basketball's "penalty box."

Wide comment, some of it adverse, followed Crandler's suggestion for a further change in basketball rules. The Marquette coach admitted he received his idea from the hockey rules, which puts a player who commits a minor misdemeanor in the "penalty box" for a specified time—usually two minutes.

Crandler maintains that play has become congested on one end of the basketball court because of the "center line" rule, and that three or four minutes have been added to every game by the abolition of the center jump. Yet, he declares, four fouls cause removal from the game just as they did decades ago before the speed-up.

New Castle High Passers Seek Revenge For 45-20 Section 3 Setback

Idle since last Friday when they dropped a close decision to Aliquippa, New Castle high dons action togs again on Friday night, playing Beaver Falls high here in a Section 3 clash.

In their first joust with the Tigers, the 'Canes were slapped, 45-20. With the locals playing a better brand of ball than during the opening weeks of the camapign, there is a chance for an upset.

A preliminary will precede the main tussle.

FALCONS WILL PLAY SECOND U. P. TONIGHT

Falcons and Second U. P. will play on Falcon floor, Miller avenue, tonight at 8 o'clock.

Sunday afternoon, Falcons and St. Mary's clash on Falcon floor at 3 o'clock.

SPORTS WORLD RAMBLINGS

Miscellanea in quicky form:

There are few collegiate swimmers in the nation capable of matching the record established by Westminster's chief splasher, Jack Scheid. The district athlete, who battered Carnegie Tech's 200-yard breast stroke in 2:33.7 recently, hasn't lost a verdict in that event in 15 meets.

Speedy Jack Grubisa, Bessemer's high-scoring guard, turned in a rare performance Tuesday night when he shot from the field a half dozen times and hit the cords five times! Lieutenant Murray Armentrout, who is in charge of the Naval Aviation Cadets at Westminster captained one of Carnegie Tech's grid teams not too long ago. . .

County cage experts rate Ben Franklin's "Patriots" as one of the top Junior High clubs in the district. The Koszela boys, Al and Ray Williams, Bullano and Fannin make up the starting quint. The Cowmeadow-coached lads have won 13 out of 15. . .

In the event the Section 21 title race ends in a deadlock, the play-off should be staged in New Castle George Washington junior high's gymnasium. The site is neutral and ideally located, not to mention perfect seating capacity for followers of the clubs battling for the crown.

Jack Kelly rates a plaque or something for braveness. He's the guy who is interested in buying, of all things, the Phillies! Ringling you were right. . . Dipping into Biscayne Canal, one of the hazards on the Miami Shores golf course, a diver recently came up with 209 balls!

Edgar Palmer, who bank rolled Princeton's football stadium, died recently. Irked by the fact that Harvard owned a grid plant of classical design while Yale was in the midst of erecting its own stadium, Palmer financed the building of the stadium bearing his name. The venture cost him $700,000. . . . That was in 1914.

LEON RAINS BARS BOBO'S MANAGER

(International News Service)

PITTSBURGH, Feb. 11.—Harry Bobo, Pittsburgh's heavyweight, was without a manager today after Leon Rains, state boxing commission chairman, barred Eddie Kapphan "for the good of the game".

Rains came to Pittsburgh to learn results of Bobo's eye examination but the boxer preferred to get married and the commissioner washed his hands of the affair and made the following decisions:

Bobo stands barred from fighting in Pennsylvania until such times as he passes an eye examination in this state and Kapphan, his manager, will have his manager's license revoked "for the good of the game."

Winn Says Classic Will Not Interfere With Work, Travel

Only Louisville, Nearby Fans Will Be Accommodated; Date Unchanged

ENTIRE DOWNS MEET SCHEDULED

(International News Service)

CHICAGO, Feb. 11.—The historic Kentucky Derby, which it was feared would become a war casualty, definitely was back today on the 1943 program of Churchill Downs.

Col. Matt J. Winn, Churchill president, who has conducted the last 41 of the 68 derbies, announced that the 69th running will be held this year as planned, Saturday, May 1.

Hold Entire Meeting

Winn said the entire Churchill Downs meeting, and particularly the derby, would be run so as to interfere in no way with essential wartime activities and that every effort would be made to confine the attendance to residents of Louisville and nearby communities.

"The management of Churchill Downs," he said, "will not honor further requests for reserved or box seats from anyone not a resident of the Louisville area.

Col. Winn referred to the suggestion of Defense Transportation Director Joseph B. Eastman that the derby be cancelled this year because of the urgent necessity of restricting distance traveling for the purpose of attending sports events.

He agreed that such restrictions are essential and promised the "fullest cooperation" of Churchill Downs in their observance.

Convenient Location

"The operation of the Churchill Downs meeting," he said, "will be done within the wording and intent of the program of the ODT. Churchill Downs is adequately served for Louisville residents by regular street railway and bus systems, and is convenient for attendance without conflicting with restrictions on wartime transportation.

"The scheduling of races will be worked out to avoid conflict with peak hours of other local transportation.

"The annual running of the Kentucky Derby also will be handled strictly within these restrictions and in no way interfere with essential wartime activities."

In normal years, the derby draws from 80,000 to 100,000 persons, with many of the thousands arriving by special trains and automobiles from all sections of the country.

Sweden Will Have Outstanding Runner In AAU Meet Feb. 27

(International News Service)

NEW YORK, Feb. 11.—Despite the absence of Gunder Haegg, Sweden's great one and two-mile runner, that country will still have a star in the national A.A.U. track and field championships at Madison Square Garden, February 27, when walking champion Sune Carlsson shoots for the American crown, Director Daniel J. Ferris announced Wednesday.

Carlsson, a crew member of the S. S. Gripsholm, was cable permission by Swedish authorities to compete in the meet.

NCAA Cage Finals In Madison Garden Billed On March 30

Eastern Play-Offs March 26-27; West Teams Meet In Kansas City

(International News Service)

COLUMBUS, O., Feb. 11.—Finals of the fifth annual National Collegiate Athletic association basketball championship is to be held Tuesday evening, March 30, at Madison Square Garden in New York City, H. G. Olsen, of Ohio State University and general chairman of the tournament, announced today.

Western play-offs are to be held Friday and Saturday March 26-27 at Kansas City's Municipal auditorium while playoffs are also to be held at The Garden Wednesday and Thursday, March 24-25. The eastern playoff will be in charge of Al Nixon of New York University and Reaves E. Peters of Kansas City will manage the western playoff.

The NCAA this year will take both the winner and runner-up to The Garden for the finals to decide first, second and third places. In past years only winners of eastern and western playoffs have met in the finals.

Has Eight Districts

The NCAA is divided into eight districts, four east and four west of the Mississippi. Each district has its own selection committee to pick the outstanding team in the district to participate in the preliminary playoffs.

Selection committees and territory in which they exercise jurisdiction included:

District No. 2—New York, New Jersey, Pennsylvania, Delaware and West Virginia. Chairman, Dr. H. C. Carlson, Univ. of Pittsburgh, Pittsburgh, Pa.; Lewis P. Andreas, Syracuse Univ., Syracuse, N. Y. and Howard G. Cann, New York Univ., New York City.

Phillies' Deal Is Still In Air

Unless National Moguls Change Position, Syndicate May Back Out

(International News Service)

PHILADELPHIA, Feb. 11—Unless National League officials change their position, it was learned today, the deal whereby a syndicate of two New Yorkers and a Philadelphian would purchase the Phils is definitely off.

The syndicate is composed of Navy Lieutenant W. Potter Wear, son of the late Joseph W. Wear, former president of the U. S. Lawn Tennis association; Captain Bert Walker, U. S. Army, son of the Walker cup donor, and William D. Cox, New York lumber broker and president of Piling associates.

Walker, stationed at a Dayton, O. airfield, admitted the syndicate has made a "substantial bid" for the ball club, but pointed out that the ideas of his group and those of National league officials "were so far apart that the deal could not be completed now." "None of the three would say what prevented consumation of the deal.

ADDS TO LAURELS

CHICAGO—The Boston Red Sox' great hitting star, Ted Williams who joined the U. S. Coast Guard at the close of last season, captured the individual night hitting honors during the 1942 American league season to add to his slugging collection which already included the league batting championship, home-run lead and runs-batted-in laurels.

England and Wales have nearly 500,000 foothpaths, according to estimates.

FROM ME TO YOU

By MESEEALL

You can do your part you men who like the great outdoors by contributing your hunting knife to the armed forces. Letters have arrived from New Castle men stating that they need knives . . . looks like maybe they are going over. So why not give your knife . . . Take it to Ferver's Store . . . Captain Ferver will send them on to the men in service . . . do it now before it's too late.

* * *

The Clenmore PTA are going to dedicate a Service Flag this coming March 2nd . . . right now they are trying to gather all names of men or women who attended Clenmore School and who are now serving their country in the Armed Forces. Make sure that your friend or relative has his name on that list if he is now wearing a uniform. Phone 3128-J please.

Saturday night is a big night here in New Castle . . . the Order of the Builders Chapter No. 1 are giving a dance . . . and what a dance it will be. Two good bands will stage a battle of music. The dance is open to all who choose to attend . . . tickets can be secured at the door so come on lads let's get in the groove, let's dance. Cathedral Ball Room . . . 9 to 12.

* * *

It was just three years ago today that we were blessed with the "little queen" . . . today she is enjoying her birthday . . . the first one that really has meant anything. And to all other little boys and girls who were born in February she says "Happy Birthday".

* * *

Wake up AMERICA . . . don't sit back and let Johnny do your thinking. There are certain things that the people on the Home Front must attend to . . . Certain things happen when the Country is at War . . . Some of the lads in Washington think that because every one is so busy looking after the war effort that they can slip some fast ones across and no one will know the difference until it's too late. That is where you come in . . . that is why you must stay awake. If the powers that be would give some concrete explanations to the things that go on there would be much less talk about the way things are done. If you knew that the Army, Navy or Marines really needed your car you would gladly give it to them . . . but when some flunky government worker says they must have them . . . no definite reasoning . . . then is when we must stay awake.

Mixed Trend In Day's Trading

Some Stocks Reach New High Ground Before Rally Is Halted

(International News Service)

NEW YORK, Feb. 11.—The stock market developed a mixed trend today after an early extension of its recent climb to new 17-month peaks.

Trading slowed as profit-taking appeared, however, and the list maintained a firm undertone throughout the forenoon.

Scores of representative shares pushed into new high ground before the rally was slowed. The list included General Motors, Hudson, Nash-Kelvinator and Studebaker in the motors; Du Pont, Loew's, American Radiator, National Biscuit, Standard Brands, Texas Co., Libby-Owens-Ford, Procter & Gamble, American Water Works, Engineers Public Service, Macy and Houdaille Hershey "B".

Commodities were moderately improved. Rail bonds continued prominent in the bond market.

Former Boy Scout Tells Of Fighting In Solomons

ELLWOOD CITY, Feb. 11—Tonight is the Annual Boy Scout dinner and we find it fitting and appropriate to publish a letter received by Mrs. Gail Morrison from her son Gail, Jr., who was in the thick of the Guadalcanal battle with the U. S. Navy, and is now recuperating in the U. S. Navy Hospital at Mare Island, California.

Gail, Jr., was an outstanding Boy Scout and on this Scout banquet evening we will pay tribute to his and all other Scouts' valiant work on Guadalcanal and all fighting fronts.

Gail's letter to his mother is as follows:

"Dear Mother:

I hope I'll be home soon but it will be some time yet; boy, I have a lot of things to do. There are new clothes to get and another physical exam to take, but don't worry, I'll be home before long. I hope everything is all right there. You might receive a letter from the Red Cross about my condition but don't become alarmed; I am alright.

"When I come home, I will stop at Chicago, Lafayette and see Dave and then come on home. I put in for a 60 day leave so I'll have lots of time. Mother, when I talked to you over the phone you sounded so tired and worn out; don't worry about me because God is with me, he carried me through Hell, and I'm all right. In my trip I covered Guadalcanal, Tuagi, Tanambogo, New Hebrides, Samon Islands and New Zealand and have fought Japs with machine guns, hand grenades and rifles.

We have been through hell but it's over now. I'll tell you all about it when I get home. I'll even give you some Jap money I took from a dead Jap.

"We left the States July 21, 1942. It took us 21 days to cross to the New Hebrides Islands where we set up a base hospital of personal huts from there we went to Guadalcanal. We landed there August 9, 1942, three days after the Marines made their beach head. We built 4 fighter airfields and one bomber strip, besides bridges, docks and roads.

"I was still there until December 4. It was 4 o'clock in the morning, condition red was sounded, soon we heard the intercepters taking off. We could not see what was happening in the air—we could hear the bombs coming down, then one hit about 50 feet from my hole, the boys told me (I don't know) but when I came to, I was in the hospital. From there I flew to the Hebrides, then to Aukeland, New Zealand, then from there to the States. Now I'm alright, I am telling you this so you won't worry."

Closing with love,
Your loving son,
GAIL H. MORRISON, JR.

SCOUT COUNCIL PLANS EVENTS

Girl Scout Week To Be Observed In March With Banquet To Be Featured

ELLWOOD CITY, Feb. 11.—Members of the Ellwood City Girl Scout convened Wednesday afternoon at the city building for the February meeting with commissioner, Mrs. John H. Hough, in charge.

Arrangements are underway for the celebration of Girl Scout week beginning on March 12. Mrs. J. A. Pearson is chairman of the special committee arranging the event. Plans include a roller skating party for all scouts, an evening church service on March 14 at the First Christian church and the anniversary dinner on Monday, March 15.

Mrs. Max Gorden, leadership chairman, announced that Mrs. Russell Brodbeck and Mrs. Robert Frazier have been added to troop one leaders; Mrs. Walter Giffen to troop 8; and Mrs. Donald Northup, Mrs. Walter LeViere and Mrs. Thomas Bookamer, leaders to be assigned. Mrs. Edward Kerr, a former leader, was welcomed back.

A class for council leadership will be held on five successive Mondays in Pittsburgh and Mrs. F. E. Moore, was appointed to represent the council.

Many badges and awards will be presented at the next senior troop dinner on Monday, March 22, at the Baptist church.

Mrs. Paul Cartwright, chairman, announced a meeting of the camp committee tonight at the home of Mrs. Emmett Liebendorfer, Forrest Hills.

Hear Of Needs Of Red Cross

ELLWOOD CITY, Feb. 11.—A. E. Milbrath, chairman of the local Red Cross Emergency War Fund campaign which will open a week from tomorrow attended a county meeting of war fund heads last night in the chapter house in New Castle. The keynote of the meeting was the Red Cross war cry to raise $125,000,000 in the country of which Ellwood City's quota is $20,000. Leaders were told that the Red Cross must be ready to have millions of dollars worth of medical supplies, ambulances, blood plasma and a full quota of nurses and medical doctors to be on hand for the "big push" that the Allies are expecting to put forth in the very near future in Africa.

Representatives from all of the local industries will meet in the court room in the municipal building tonight at 7:30 o'clock to hear plans as to how the campaign will be handled here.

CHANGE PLACE OF BOY SCOUT DINNER

ELLWOOD CITY, Feb. 11.—Because of the large number of reservations, more than 350, the annual Boy Scout dinner tonight has been changed from the Trinity Lutheran church to the Shelby club house. Women of the Lutheran church will serve the dinner, beginning at six o'clock.

The event highlights the local celebration of National Boy Scout Week and is for Scouts, their parents and friends of scouting.

A fine program has been arranged by the chairman, John H. Hough, and will feature an address by Al Harvey, civilian defense official, of Beaver.

ELLPORT MEETING

ELLWOOD CITY, Feb. 11—The regular meeting of the Ellport Air Raid Wardens and firewatchers will be held next Tuesday evening at 7:30 in the new headquarters located in the basement of the Magyar Presbyterian church. Final instructions will be given for forthcoming tests. Future meetings will be held on the first and third Tuesdays of each month.

METHODIST SUNDAY SCHOOL CONFERENCE

ELLWOOD CITY, Feb. 11.—The Sunday school workers conference held last night at the First Methodist church was the best attended in a long time. The group of 50 gathered for a tureen dinner after which Superintendent Paul Reynolds was in charge.

Rev. J. W. Gladden outlined the church school's part in the week of dedication services to be held from February 28 to March 7.

A committee of Mrs. William Boyd, G. C. Denniston and Mrs. Ken Fox presented a code of principles and goals for the Sunday school teachers. After much discussion it was agreed to present the code to the church board of education.

Another conference will be held in April.

Tin Collection Starts Tuesday

ELLWOOD CITY, Feb. 11.—The tin salvage collection will be started on Tuesday when the city trucks will cover the First Ward, Borough Manager Lowell Monroe announced today. Tuesday the First Ward will be covered and all persons having the flattened tins are urged to set them out on the curb in front of their home.

An announcement in Tuesday's paper will tell of the days that the other wards in the community will be covered.

J. L. Belloff, local salvage chairman, stated today that persons who left these flattened tins outside and they became rusty will have to junk them as the de-tinning plant at Neville Island will not accept them. All persons saving these tins must keep them in a sheltered place such as the basement or garage until the day of collection so that they will not become rusted.

All First Ward residents are reminded to have their tins out on the curb by Tuesday morning at 8 o'clock.

LUTHERAN SOCIETY MEETS ON WEDNESDAY

ELLWOOD CITY, Feb. 11.—Twenty-four members of the Women's Missionary society gathered last night at the Trinity Lutheran church.

"Spreading the Word in Latin America" was the missionary subject presented by Mrs. Lawrence Flinner. It was announced that the World Day of Prayer will be held at this church on March 12.

The society arranged the annual week of prayer and self-denial to be held from March 15 to 19. Services will be held each afternoon at the church from 1:30 until 2:30 o'clock.

After a social hour the group departed to meet again at the church on Thursday, March 11.

ELLWOOD W. C. T. U.

ELLWOOD CITY, Feb. 11.—The Ellwood W. C. T. U. will meet on Friday night at 8 o'clock at the home of Mrs. J. P. Moyer, 702 Wayne avenue. Mrs. George Burrows will be the leader with her topic to be "Health". Miss Marie Wright, a former teacher at Morganza Industrial school, will be the speaker.

NORTH SEWICKLEY SOCIETY ELECTION

ELLWOOD CITY, Feb. 11.—When members of the Women's Missionary society of the North Sewickley Presbyterian church gathered on Wednesday at the home of Mrs. Wilbert Hall, Zelienoplpe road, new officers were chosen as follows:

President, Mrs. W. J. Blinn; vice president, Mrs. Thomas Baird; treasurer, Miss Ella Pflug; secretary, Mrs. Oran Flinner; assistant, Mrs. Lloyd Allen; contingent fund secretary, Mrs. Oliver Aiken; literature, Mrs. Jay McDonald; stewardship, Mrs. Charles Bowers, and missionary education, Mrs. G. P. McDougall.

Mrs. Clair Smith was the mission leader with talks being given by Mrs. Thomas Baird and Mrs. G. P. McDougall. The morning was devoted to quilting with a box lunch being a feature.

The March meeting will be held at the Smith home, Country Club road, with Mrs. Arthur Forbush as leader.

Hope For Success At Gas Hearing

ELLWOOD CITY, Feb. 11.—Chamber of Commerce officials here were hopeful at noon today that Senators Guffey and Davis would win their argument with Prentice Brown, OPA director, that this area be placed in Zone 2 the same as Ohio and in that way coupons for A, B, C cards would be worth the orignal four gallons and that the pleasure driving ban would be off.

The local Chamber of Commerce has been deluged with calls from motorists as to how chances were concerning this area being placed in Zone 2. The reasons for the calls are that the motorist will hold up on redeeming his coupon as long as possible as the extra gallon means a great deal to an A and B card holder.

HOME-COMING IS PLANNED BY ELKS

ELLWOOD CITY, Feb. 11.—The annual past exalted rulers' and home-coming day will be celebrated by the Elks lodge on Sunday at the club house. This will take the place of the regular meeting scheduled for last night.

Past rulers will be in charge of the meeting to begin at 3 o'clock. At 5:30 there will be a stag dinner arranged by Lou Young and his committee. Entertainment for the dinner has been arranged by Thomas Newman.

At 7 o'clock Elks ladies will join the group with entertainment and dancing being planned. General arrangements are in charge of Phillip J. Blandine, present exalted ruler, and a large committee.

DELTA DECK CLUB AT STROUSE HOME

ELLWOOD CITY, Feb. 11.—Mrs. W. G. Strouse welcomed members of the Delta Deck club to her Park avenue home last night with Mrs. A. Franus and Mrs. Lloyd Hamill being special guests.

Auction bridge was played at two tables with the attractive prizes going to Mrs. Hartzell Rankin and Mrs. Franus.

Mrs. Joseph Bloomer aided the hostess in serving a tempting lunch and invited members to meet again in two weeks at her home in Park avenue.

MRS. GERALD CONNER ENTERTAINS GROUP

ELLWOOD CITY, Feb. 11.—Mrs. Gerald Conner opened her home in Haig street, Wednesday to members of the Rock Point club.

The afternoon was devoted to sewing with the hostess serving a tasty lunch.

Members were invited to meet again in two weeks at the home of Mrs. John Gabler, Wampum road.

LILYVILLE W. M. S.

ELLWOOD CITY, Feb. 11—The Women's Missionary society of the St. Mark's Lutheran church, Lilyville, will meet on Wednesday, February 17, at the home of Mrs. Edward Daufen, Lilyville.

JUNIOR HIGH WINS

ELLWOOD CITY, Feb. 11.—The Ellwood junior high basketball team continued their victory march on Wednesday afternoon when they defeated Aliquippa Juniors by a 35 to 20 count on the losers' own court.

SUPPER CLUB

ELLWOOD CITY, Feb. 11.—The monthly meeting of the Young People's Supper club will be held on Sunday evening at 5:30 o'clock at the First Methodist church. There will be a guest speaker.

BOARD MEETING

ELLWOOD CITY, Feb. 11.—The regular February meeting of the Ellwood Board of Education will be held at 8 o'clock tonight at the high school office.

HOME SERVICE BY RED CROSS

Important Work Is Done By Branch—Push Plans For $20,000 Drive

ELLWOOD CITY, Feb. 11.—The Home Service of the American Red Cross costs $14,000 a year to operate here in Lawrence County and a great portion of that $14,000 is spent here in Ellwood City to bring a soldier or sailor home to members of their family who are desperately ill or for a local family to check relatives or other members of their family in the war torn countries.

One boy who is missing in action here from Ellwood City is being thoroughly checked now by the Red Cross and before actual facts as to where he is located are established it will cost the Red Cross some $30.00. Cost of checking the wounded or dead means nothing to the Red Cross as every mother, father and sweetheart must know what has happened to their boy. If a local family needs their son or daughter home due to a death in the family or desperate illness, they can only bring them home by first applying to the local Red Cross headquarters located in the Chamber of Commerce who in turn contact the chapter headquarters in New Castle and they in turn have field directors who check the local doctor and if the case in serious or a death occurs, the Red Cross personally contacts by telephone or telegram the commanding officer wherever he might be located. All this is done by the Red Cross without one cent charge to the family. A good example of this service given by the Red Cross is told in a letter received from a local boy last fall. We are not permitted to publish the name but the contents of the letter are as follows:

Ellwood City Red Cross
Ellwood City, Pa.
Gentlemen:

"Last fall when a telegram came to camp through the Red Cross asking that I be sent home because of my mother's illness, I was told I could leave as soon as possible. I was without funds, but when I explained my predicament to the Red Cross field directors office, I was immediately lent enough money for the trip. I arrived home Sunday night and Monday night my mother passed away. Thanks to the Red Cross, I saw my mother once more."

Hundreds of families here have been benefitted by contacts to the boys in service through the Red Cross and the only way that this great service can be continued along with caring for the wounded is for everyone of us to dig down in our pockets when the Red Cross war fund campaign starts and give as generously as we can to help those boys who are gallantly defending us.

MRS. JOHN KRAYNAK HOSTESS TO CLUB

ELLWOOD CITY, Feb. 11.—Mrs. John Kraynak pleasantly entertained members of the 500 club at her home on Loop street last evening.

Cards were enjoyed with the high awards going to Mrs. Eugene Town, Mrs. Robert Cooper and Mrs. Anthony Savicky. The guest favor went to Mrs. LeRoy Pifer, who aided the hostess in serving a tasty lunch. The hostess was presented with a lovely gift by the club.

In two weeks the club will meet at the home of Mrs. William McFadden, Loop street.

MRS. ERNEST RUDGE HAS L.W.L. MEMBERS

ELLWOOD CITY, Feb. 11.—Mrs. Ernest Rudge was a gracious hostess to associates of the L. W. L. club Wednesday at her home, on the New Brighton road.

After a tempting tureen dinner, five hundred was played with the nice prizes going to Mrs. Robert Lutz and Mrs. Leonard Morrow.

On Thursday, March 4, the club will meet with Mrs. Clyde McCurdy, New Brighton road.

ORANGE LADIES

ELLWOOD CITY, Feb. 11.—The Orange Ladies lodge will meet on Friday night at 7:45 o'clock. There will be cards and bingo with Mrs. Rachael Blatchford and committee to serve refreshments.

ELLWOOD PERSONALS

William K. Faull arrived home Tuesday evening from the Great Lakes Naval Training station to spend a week with his parents, Mr. and Mrs. Joe Wardman, of Ellport. After returning to the base he will attend service school to qualify as a machinist mate. He entered training on December 4 and graduated on February 8.

Mrs. Jack Dean is recovering at her home, in Franklin avenue, following a recent operation at a local hospital for the removal of her appendix.

Mrs. Lois Brown Newton has left for Marysville, Kan., where she will join her husband, Pfc. Clifford H. Newton, who is stationed there.

Junior W.B.A. Lodge Has Installation

Ceremony Is Conducted By Mrs. Alice Richards, State Junior Supervisor

ELLWOOD CITY, Feb. 11.—An open installation of officers was held last night at the bank hall by the W. B. A. Junior Lodge.

State Junior Supervisor, Mrs. Alice Richards, of Pittsburgh, conducted the ceremonies being assisted by Gloria and Mary Anne Sheldone.

Those installed were: President, Anna Rose Dominella; vice president, Leatrice Miesel; past president, Betty Campbell; recording secretary, Shirley McElwain; treasurer, Ethel Vinroe; chaplain, Mary Anne Paracenzo; lady of ceremony, Betty Gallagher; sergeant, Betty Witte; inner host, Robert Yeager; outer host, Jimmy Hinkle; musician, Bernice Patridge; captain of guards, Ethel Vinroe; colorbearers, Betty Hinkle and Marylin Yeager; and officer of the day, Rosemary Fontane.

The girls were dressed in pastel shade gowns and presented a lovely picture.

Mrs. Robert Morris, junior supervisor, presented a lovely gift to Mrs. Richards and to Betty Hinkle, who secured the most new members; June Yeager, for perfect attendance; Betty Campbell, past president, and Bernice Partridge, pianist.

A congratulatory talk was given by the senior president, Mrs. Irene Maine. Bingo and other entertainment followed after which a delicious lunch was served by Mrs. Marie Miesel, Mrs. Gertrude Kaufman and Mrs. Mary Dominella, of the Senior Circle.

Both the Junior and Senior Reviews will meet again on Wednesday, February 24.

Two Dead, Eight Are Missing From Capsized Ferry

(International News Service)

PORTLAND, Ore., Feb. 11.—Two persons were dead and eight others were missing today following the capsizing of a Columbia river ferry shortly after midnight as it started its run from the Oregon shore to the Vancouver Kaiser shipyard with workers for the graveyard shift.

Nine men and women were rescued from the wind-lashed flood waters of the Columbia.

Daily Dozen

(From the Medical Society of the State of Pennsylvania)

Fear is a definite characteristic of each individual.

Protective fears are necessary in the progression of life.

Obsession fears, usually unwarranted, assail the subconscious.

The fears of infants and children are familiar to physicians.

These are inherited and protective fears.

Inherited fears are fear of falling or fear of loud noise.

Some children's specialists term these simply reflex acts.

Protective fears guard us from the hazards of life.

Convenient fears and psychological fears also exist.

Convenient fears permit the child to escape responsibilities.

Psychological fears are prompted by an unstable mother or nurse.

Proper food, rest and regularity make for a stable nervous system.

Desertions Cause Delays In United Nations Shipping

Cargoes Desperately Needed For War Held Up In American Ports

(International News Service)

WASHINGTON, Feb. 11—Congress was told Wednesday that ships flying the flags of United Nations, and loaded with cargoes desperately needed on the world's war fronts, were being delayed in American ports because of the increasing number of desertions by their crews.

Approximately 700 sailors who jumped their ship already are in detention in the United States but cannot be deported because of the fact that they claim occupied nations and China as their home, it was disclosed.

The revelations were made by Edward J. Shaughnessy, deputy commissioner in charge of immigration and naturalization. He appeared before the House Immigration Committee. After a short, public hearing, the committee approved legislation which will allow deportation of deserting seamen to governments in exile.

Shaughnessy reported that one 10,000-ton cargo vessel, fully loaded, was forced to lay idle in the port of New York because of desertions by Chinese seamen from the crew. It is still there, he added.

Cites 25 Cases

According to the immigration commissioner, there have been at least 25 cases where ships have been delayed in sailing because of desertions by Chinese seamen. They were flying the British or Dutch ensigns.

"Seamen on British ships are deserting in substantial numbers," Shaughnessy asserted.

He explained that seamen were jumping ships because of hazards of the sea, the prospect of higher wages in shipyards, or the hope of signing up on American ships with higher wages.

Under present immigration laws, it is impossible to deport them. Most of the seamen would rather remain in dentention cells in the United States than return to their ships at the risk of submarine-infested seas, Shaughnessy stated.

Under the new legislation, they could be deported to the various governments-in-exile in Great Britain. Shaughnessy expressed belief that, once the legislation becomes law, desertions would drop and most of the 700 seamen now detained would voluntarily return to their ships.

Shaughnessy urged that the legislation must be passed because Great Britain and the United Nations "are scraping the bottom of the barrel" in trying to get manpower for merchant ships.

Kiwanians Told Of Lincoln's Life

Attorney Kenneth M. McLure Addresses Local Service Club Wednesday

Attorney Kenneth M. McLure gave an interesting address on Abraham Lincoln and his policies and philosophies at the weekly luncheon meeting in The Castleton, Wednesday noon, the program being appropriate inasmuch as the birthday of Lincoln will be observed Friday.

Attorney McLure drew a comparison between some of Lincoln's ideas and events which happened during his administration with present day political problems.

Lieut. David Taylor, who is home on leave visiting his mother, Mrs. Rachel Taylor, was a guest of the club.

An interesting letter was read from Kiwanian John Hodge, pharmacist Mate third class, who is stationed with the U. S. Marine Corps in the Pacific area, which proved of interest to the membership.

APPOINTS COMMITTEE TO STUDY PACIFIC NAVAL, AIR BASES

(International News Service)

WASHINGTON, Feb. 11.—Rep. Carl Vinson (D) Ga., appointed a special three-man committee on Wednesday to investigate the possibility of negotiating lend-lease agreements to give the United States a string of powerful naval and air bases in the Pacific to keep Japan under the iron heel of military might. Vinson is chairman of the house military affairs committee.

See the official opposing increase of farm prices? He is the one who will soon go out on his ear.

Now Is Proper Time For Brush Burning

Outdoor Fires Safe Until Middle Of March; Ask 'Blackout' In April, May

HARRISBURG, Feb. 11.—The months of February and the first half of March are the proper times to burn brush as the months of April and May should be complete blackout as far as outdoor fires are concerned, says George H. Wirt, chief forest fire warden of the department of forests and waters.

Mr. Wirt states that the public co-operated splendidly last fall when requested to observe blackouts during October and November, and asks for the same co-operation this spring. The protection of our forests from fire is one of the most important duties a citizen can perform in time of war. Wood is essential in winning the war.

Each individual should see that his neighbor does not start an outdoor fire during April and May and just as it is patriotic to serve your state and nation as an air raid warden or in any other civilian defense capacity, it is equally patriotic to serve and help protect the trees of the forests.

Care with fire in or near the woods means more than care with tobacco and matches, it means the elimination of the careless handling of campfires, brush burning and every fire in the open. It means care in preventing escaping sparks from engine stacks and ash pans. It means care on the part of the farmer, camper, fisherman, hunter, lumberman, railroader and hiker. The control of forest fires means the prevention of forest fires.

The prevention of forest fires is an individual responsibility laid upon each citizen by society and the sooner the individual becomes fire conscious and assumes his personal share of the burden, the sooner will the problem be solved and the sooner will the hills and mountains of Pennsylvania produce valuable timber crops.

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
